**Minutes:**

**I. Call to Order**

The regular bi-monthly meeting of the Northern New Mexico Citizens' Advisory Board (NNMCAB or CAB) meeting was held on Wednesday, March 29, 2006 at the Santa Fe Community College, Jemez Complex in Santa Fe, New Mexico. The Chair, J. D. Campbell presided. Ms. Houston, DDFO, called the March 29, 2006 meeting to order at 2:00 p.m. Ms. Houston stated on behalf of the Department of Energy (DOE), the Northern New Mexico Citizens' Advisory Board (NNMCAB or CAB) meeting was called to order. Ms. Houston stated that the regular meeting of the NNMCAB was open to the public and posted in the Federal Register in accordance with the Federal Advisory Committee Act.

**a. Role Call**

Ms. Novak counted 14 Board members in attendance at the meeting.

**b. Establishment of Quorum**

Ms. Houston stated that Board members in attendance established a quorum for conducting Board business.

**c. Excused Absences**

Ms. Houston received requests for excused absences from Mr. Janis and Mr. Loretto. Both CAB member requests for excused absences were granted.

**II. Welcome and Introductions**

The Chair welcomed Board members and guests to the March 29, 2006 CAB meeting. Dr. Campbell introduced Mr. Gene Rodriguez, the new acting Los Alamos Site Office Manager, to the Board. Mr. Rodriguez replaced Mr. Ordaz, DOE. Dr. Campbell also introduced Mr. Roger Little, DOE/ Albuquerque Service Center, who will be assisting Mr. Rodriguez with CAB. The Chair asked for introductions from guests and CAB members present.

**a. Approval of Agenda**

J. D. Campbell, Chair, called for any modifications to the meeting agenda or a motion to approve the agenda. Mr. Jordan made a motion to approve the agenda and Mr. Church seconded the motion. As all were in favor, the agenda was approved as final.

**b. Approval of Minutes of January 25, 2006**

Dr. Campbell asked the Board to approve the draft minutes from the January 25, 2006 CAB meeting prepared by Ms. Novak. With minor editorial changes noted, Ms. Henline moved that the Board approve the January 25, 2006 CAB minutes, as amended. Ms. Strosnider seconded the motion. As all were in favor, the amended minutes were accepted as final.

**III. Board Business / Reports**

**▪ Old Business**

Mr. Timm asked the Membership to revisit Draft Resolution 2006-01RS that was tabled at the January 25, 2006 CAB until after Mr. Wilmot speaks later in the program. With no objections the CAB agreed to reconsider draft Resolution 2006-1RS after Mr. Wilmot addressed the Board.

Mr. Timm asked the Board to consider and act upon Draft Resolution 2006-01RS, "to include the Northern New Mexico Citizens' Advisory Board in the Award Fee Evaluation Process for the LANL M&O Contractor." The primary author, Mr. Timm, would like the CAB to be

included in the "process whereby DOE determines the amount of the award fee earned by the M&O contractor based upon formal performance evaluations and assessments at stated intervals." The Board discussed the resolution. Mr. Janis made comments by email dated 1-23-06 stating his appreciation for Mr. Timm's resolution regarding the CAB having input to the new M&O contractor's award fee determination, but he stated concerns that the resolution raises several issues for the CAB. Specifically, the NNM CAB having an input to the new M&O contractor's award fee has (1) no legal precedent, (2) no DOE precedent, and (3) may be considered a conflict of interest under the Board's stated charter.

Mr. Janis suggested as an alternative to Mr. Timm's draft resolution that the CAB could consider writing a "report card" for the M&O contractor every 6 or 12 months. The report card could be graded on criteria that the CAB develops within its' purview and independent of the M&O Contractor's award fees and send this report card to the M&O contractor, to DOE and to the public. "This would allow the Board to consider factors such as the contractor's attitudes about public involvement and participation that are usually not part of an M&O contractor's award fee determination." **(Full text of comments submitted Mr. Janis regarding Resolution 2006-01RS have been placed on file.)**

Mr. Timm agreed that Mr. Janis had good comments but he still wanted the full CAB to review the resolution and participate in the discussion. Ms. Houston suggested the resolution required further research prior to the CAB making a final decision. She stated that DOE headquarters wants the CAB to be careful to remain within their charter. Dr. Campbell agreed with Mr. Janis that the CAB could prepare a report card for the new contractor to structure the CAB's input in an appropriate way. Mr. Timm maintained that the March 17, 2004 CAB Charter did not preclude CAB involvement with award fees for EM Contractors.

**Dr. Berting moved to "table the resolution to the March meeting or until the CAB receives further information on this issue, for example: precedence." Mr. Church seconded the motion." The motion to table the resolution passed by a unanimous show of hands."**

**-Excerpt from January 25, 2006 CAB meeting minutes.**

a. Report from DDFO

**Ms. Houston reported on the activities of the DDFO since the January 25, 2006 CAB meeting. Her report is summarized below:**

- Nomination packets for continuing Board members have been sent to DOE Headquarters for review.
- She asked the Executive Committee to include a review of a 5 year plan of activities for the Board at the May retreat. Mr. Wilmot will also provide comments on what activities the Board can engage in to be more effective with the DOE. Mr. Wilmot will also address DOE priorities.
- **Bi-annual Assessment**—Ms. Houston suggested the Board consider building strategic planning into their Work Plans and to include a biannual assessment of progress and initiatives to keep the Committees focused and to avoid 'burnout' and to keep the Board on track.

b. Report from Chair

**Dr. Campbell reported activities of the Chair since the January 25, 2005 Board meeting:**

Dr. Campbell met with Ed Wilmot, Manager LASO, in February of 2006 to discuss Groundwater Issues and Monitoring Wells, CAB Resolutions 2006-1 through 4, DOE/LASO support of NNM CAB, status of Staff Support Contract and Budget, upgrade to NNM CAB computers and new Laptop, status of DOE responses to CAB recommendations, introduction of Gene Rodriguez as CAB Point of Contact, plans for Groundwater Forum, NM CAB Retreat in May, plans for SSAB meetings in Santa Fe in September 2006, proposal for Groundwater Workshop with NAS Committee.

Dr. Campbell worked with CAB staff on the organization of the Groundwater Forum, developed draft agenda, established the final date for the Forum as May 17. The Forum location was determined to be held in Los Alamos. An organizing committee was

1 established and Ms. Novak developed a Public Outreach Plan and promotional materials  
2 for the Forum.

3 Additional meetings were attended on February 8, 2006 with: NMED Secretary  
4 Curry, Veronica Rodriguez from Senator Domenici's office, Chris Romero and Sarah  
5 Cobb of Congressman Udall's office, and with Governor James Mountain of San  
6 Ildefonso Pueblo.

7  
8 c. Report from Executive Director

9 **Ms. Santistevan reported on activities of the NNM CAB Executive Director since**  
10 **the January 25, 2006 Board meeting.**

11 **Ms. Santistevan's report is reprinted below:**

51  
52 ***Board Meeting Preparations:** I prepared the Draft Agenda for the March 29th. Board*  
53 *Meeting and forwarded it to the Federal Register on February 16<sup>th</sup>, 2006. I made all*  
54 *arrangements at the Santa Fe Community College. Meeting packets were mailed out on*

March 22. An advertisement for the meeting was placed in **The Albuquerque Journal Santa Fe**. I have scheduled the Santa Fe Community College through November 2006, and I have reserved the Sagebrush Inn for the Board Retreat in May 2006.

**Office Management:** The staff supported all committee meetings with preparation of notices, agendas and minutes and followed-up on any requests of the committees, the Chairman and the DDFO. The staff has also supported the Groundwater Forum Planning Committee with Agendas, Notices, a Draft GW Forum Brochure, a Draft Public Involvement Plan, contracting with a facilitator and a video technician for the Forum, in addition to arranging for an hour of radio show with the Chair and another CAB member to advertise the Forum. Arrangements will also be made to air the Forum proceedings on Pac-8, (Santa Fe) Pac-6 (Los Alamos) and Local Channel 2 in Taos.

**SSAB Semi-Annual Chairs' Meeting:** The Meeting is scheduled Sept. 6-8, 2006. I have entered into a contract with Hotel La Fonda for this event. The Hotel has offered a \$99.00 government rate the weekend before, during and after the meeting. I will be asking different contractors to help host the breaks and the reception for the meeting. We are expecting 80 to 100 people.

**Issues Not Resolved and Estimated Completion Date:**

Execution of Support Services Contract between DOE and ATA Services. **ECD: Jan. 31, 2006. Completed Jan. 31, 2006.**

Federal Register Notice for March Board Meeting: **ECD: February 28, 2006. Completed Feb. 16<sup>th</sup>.**

The NNM CAB will be hosting the SSAB Chairs' Meeting. **Sept. 6-8, 2006.**

**Next Board Meeting: Board Retreat and Meeting on May 19<sup>th</sup> and 20<sup>th</sup> in Taos. Please plan to come in the evening of May 18<sup>th</sup>, as we will get started early on Friday, May 19<sup>th</sup>.**

**IV. Committee Reports**

**1. Community Involvement (CI) Committee**

Mr. Quintana acted as the reporting member for the CI Committee. The CI Committee has reviewed their work plan and is following stated objectives by visiting the websites of relevant agencies in accordance with the CAB's mission. The Committee members are currently conducting a website review of 5 websites. The focus of the review was to try to locate information on instances of Chromium contamination at LANL on the websites and the ease of navigation to find specified information. Overall, the CI Committee found the NMED website to have the most readily available information on Chromium. Secondly, the CI Committee has assisted in the planning of the CAB Forum on Groundwater. Members reviewed the Public Outreach materials for the Forum prepared by Ms. Novak.

**2. Environmental Monitoring, Surveillance and Remediation (EMSR) Committee**

Ms. Henline, the Committee Vice Chair, acted as the reporting member for the EMSR Committee. She stated that EMSR Committee members have been reviewing and addressing items in their Work Plan.

Top items of study are listed below:

The Committee discussed chromium concentrations measured at Well R-28, as a 1-11-05 Chromium presentation follow-up. Mr. Timm made a formal request for the

1 forthcoming LANL Chromium Interim Measures Work Plan (IMWP). Mr. Johansen,  
2 NNSA, stated the Work Plan would be ready for public distribution by March 2006. Mr.  
3 Longmire, LANL, has been investigating the types of chromium measured at R-28. The  
4 Committee discussed the two types of chromium that has been measured to result in a  
5 total chromium value.

6  
7 Trivalent chromium is naturally present in the regional aquifer in concentrations that range  
8 from approximately 2 to 6 parts per billion (ppb). Chromium hexavalent (CrVI) compounds, often  
9 called hexavalent chromium, exist in several forms and is recognized as a human carcinogen.  
10 Hexavalent chromium has been identified as an industrial byproduct of Potassium Dichromate,  
11 which was used at LANL as an anti-corrosion agent in cooling towers from 1950 to 1975.  
12 Potassium dichromate can be used in the manufacture of the following products: catalyst for the  
13 production of chromium metal, photographic engraving and lithographic chemicals, pyrotechnics  
14 and explosives, as anti-corrosion coating and as an analytical standard.

15 - Chromium (VI) compounds fact sheet: [http://www.npi.gov.au/database/substance-](http://www.npi.gov.au/database/substance-info/profiles/25.html#sourcesof)  
16 [info/profiles/25.html#sourcesof](http://www.npi.gov.au/database/substance-info/profiles/25.html#sourcesof).  
17

18 The close proximity of Well R-28 to PM3, which is a major water supply well, has  
19 created some public concern. The Committee planned to closely monitor this issue and  
20 review the IMWP immediately upon public release. The Committee requested and  
21 received a technical presentation from LANL regarding a history of groundwater quality  
22 at R-28 showing dates sampled since the well was completed and chromium  
23 concentrations measured. Also, a summary of the results of the QC/QA programs  
24 applied to these samples with respect to chromium.

25 Jean Dewart, Program Manager for Pathways Protection / LANL provided a presentation  
26 to the EMSR Committee at their regular March meeting. Topics discussed in Ms.  
27 Dewart's presentation:

- 28 - *Any data related to the existence of sediment or shallow groundwater sampling*  
29 *results for Chromium in Mortandad Canyon.*
- 30 - *Any data related to Chromium concentrations present in the LANL wastewater*  
31 *treatment plant outfalls in both Mortandad and Sandia Canyons.*
- 32 - *Any information available related to the possibility that the source of this*  
33 *Chromium could be from discharges to Sandia Canyon given the proximity of the*  
34 *confluence of the two canyons to well R-28.*

35 The EMSR Committee also formed a Sub-Committee to review and draft comments  
36 regarding recent EPA permits for LANL, specifically EPA NPDES Permit No.  
37 NM0028355-- for LANL. Dr. Berting and Mr. Porterfield agreed to serve on the Sub  
38 Committee and draft and submit comments.

39 The EMSR Committee also discussed recommendations from Michael Dale,  
40 DOE/OB, regarding proposed independent environmental monitoring at LANL during  
41 FY 2006. (Based on EPA Federal Facilities group request for suggestions on ways to use  
42 existing ENV funding from the January 25, 2006 CAB meeting.)  
43

#### 44 4. Waste Management Committee

- 45 ■ Mr. Jordan, the Chairman, acted as the reporting member for the WM Committee.  
46 He stated that the WM Committee has discussed their Work Plan and continues to  
47 act upon Area G Forum initiatives. Mr. Jordan presented the WM Committee's  
48 MDA H Fracture Flow Study Sub Committee Report. **(Transcripts have been**  
49 **placed on file.)**

- 1       ▪ Ad Hoc Committee on Bylaws and Administrative Procedures (**Tabled until May**  
2       **2006 CAB Retreat.**)  
3       Mr. Jordan, Ad Hoc Committee Chair, agreed to provide a report on the CAB Bylaws and  
4       Administrative Procedures at the May 2006 CAB Retreat.

30      **(Transcripts have been placed on file.)**  
31  
32 VII. PUBLIC COMMENT  
33     1. Mr. Mello, LASG, signed up for public comment.  
34       Greg Mello, Los Alamos Study Group (LASG), signed up for public comment. Mr.  
35       Mello stated that the LASG would like to see the CAB receive more specific information  
36       from the LAB and DOE. The presentation information the CAB is getting in response to  
37       requests seems very generalized and does not illuminate any “new” information. According  
38       to Mr. Mello, the information seems to be repetitive and non-specific and overall not up  
39       to professional industry standards. He indicated that he had been studying Lab activities  
40       for many years and still can not say specifically what are the quantities of waste being  
41       produced, what radionuclides have been released during production and what the  
42       schedules for production are. He hoped the CAB could get more specific information  
43       from the DOE and LANL due to their FACA Charter but so far he considers the  
44       information to be the same generalized publicly available information that has been  
45       handed out for the last 10 or so years. He specifically referenced the LANL Area G Low

1 Level Waste Cost Disposal Study which he considered to be well below industry  
2 standards. **(Transcripts have been placed on file.)**  
3

4 2. Mr. Bremer, Madrid Land Owner's Association, signed up for public comment.  
5 Mr. Bremer passed out copies of a Madrid Land Owners Association resolution to  
6 recommend no further expansion of Area G which is similar to those issued by the Taos  
7 Town Council, City of Santa Fe and the CAB's Recommendation to the DOE,  
8 Recommendation 2005-10. **(Transcripts have been placed on file.)**  
9

10 VIII. Consideration and Action on CAB Letter to Senator Pete Domenici regarding  
11 budget reductions in the Environmental Management Program. The Board concurred  
12 with the intent of the letter. **Dr. Rudnick made a motion to approve sending the letter**  
13 **with the same intent with some re-focused wording. Ms. Henline seconded the**  
14 **motion. The motion to approve the intent of the budget reduction letter to Senator**  
15 **Domenici was approved by acclamation.**  
16

17 IX. Presentation from Jim Orban & Dave McInroy, DOE/LASO and UC/LANL,  
18 regarding Progress and Alternatives for Closure of MDA-L and MDA-G in the  
19 Corrective Measures Evaluations, for submittal to NMED. The Chair introduced the  
20 guest speakers, Jim Orban & Dave McInroy, DOE/LASO and UC/LANL, whose subject  
21 report was a presentation regarding Progress and Alternatives for Closure of MDA-L and  
22 MDA-G in the Corrective Measures Evaluations, for submittal to NMED. (Transcripts  
23 and Ms. Dewart's PowerPoint Presentation have been placed on file.)  
24

25 X. Response to NNM CAB Recommendations

26 Mr. Rodriguez addressed the CAB Recommendations that are still awaiting a formal  
27 written response from the DOE.  
28 **(Transcripts have been placed on file.)**  
29

30 XI. Adjournment

31 The next regular bi-monthly meeting of the NNM CAB has been scheduled for May  
32 20, 2006 from 9:00 to 12:00 p.m. The meeting will be held at the Sage Brush Inn and  
33 Conference Center, Taos, New Mexico. The agenda for Board meetings can be viewed  
34 on the CAB's website at the following address: <http://www.wnnmcab.org>.

35 Ms. Gonzales made a motion to adjourn the meeting. Mr. Quintana seconded the  
36 motion. The CAB meeting adjourned at 8:30 p.m.
