Re: *American LNG Marketing LLC*, DOE/FE Docket No. 14-209-LNG
Semi-Annual Report

Dear Ms. Moore:

Pursuant to Ordering Paragraph L of DOE/FE Order No. 3690 and Ordering Paragraph J of DOE/FE Order No. 3601, American LNG Marketing LLC (“American LNG”) hereby submits its semi-annual report describing the progress of the proposed liquefaction facility.¹ Construction of the Hialeah Facility is complete, and LNG Holdings (Florida) LLC, American LNG’s affiliate, is currently producing LNG at the Hialeah Facility. As reported by American LNG on February 19, 2016, the first export of LNG from the Hialeah Facility occurred on February 5, 2016. American LNG submitted two long-term natural gas supply agreements and one long-term LNG sales agreement associated with the Hialeah Facility on March 8, 2016. American LNG and its affiliates remain in negotiations with potential counterparties regarding additional long-term sales of exported LNG.

Please contact me if you have any questions.

Respectfully submitted,

/s/ John S. Decker
