Re: *MPEH LLC* Semi-Annual Report - Docket No. 13-26-LNG  
*Freeport-McMoRan Energy LLC*, DOE/FE Docket No. 13-26-LNG

Dear Ms. Moore:

Pursuant to Ordering Paragraph I of DOE/FE Order No. 3290, MPEH LLC (“MPEH”) hereby submits its semi-annual report describing the progress of the proposed liquefaction facility.<sup>1</sup> Please note that on November 15, 2016, MPEH LLC filed a Notice of Change in Control in the above referenced docket.<sup>2</sup> Development activities are continuing, and discussions are continuing with the Maritime Administration regarding an application for authorization to construct the Main Pass Energy Hub™ Deepwater Port. MPEH is developing commercialization arrangements for the project and expects the first floating liquefaction storage and offloading vessel at the Main Pass Energy Hub™ Deepwater Port to begin exporting LNG during the 2022 timeframe.

Please contact me if you have any questions.

Respectfully submitted,

A handwritten signature in blue ink that reads "David C. Landry".

David C. Landry  
President – MPEH LLC
