North Gunnison - Salida 115-kV Transmission Line Access Road Maintenance Chaffee and Saguache Counties, Colorado *Project Number: 2018-022*

A. <u>Brief Description of Proposal</u>: Western Area Power Administration (WAPA) proposes to conduct routine access road maintenance on existing roads used to access Structures 5/3 to 9/3 and 27/6 to 27/10 on the North Gunnison – Salida (NGU-SLA) 115-kV Transmission Line. This work would also include landing construction at Structures 6/8 and 27/7 to facilitate safe access to these structures for future maintenance activities. The proposed work would occur within WAPA's right-of-way (ROW) and access routes in Chaffee and Saguache Counties, Colorado. Access road maintenance may include: blading; grading; removal of rocks and other obstacles impeding safe travel; repair, replacement, and installation of water bars, rip-rap, and other drainage features. No new roads would be constructed. Equipment used for this project may include rubber-treaded motor grader, work trucks, backhoe, track dozer, and dump truck. Work would occur on private lands and public lands managed by the U.S. Department of Interior Bureau of Land Management and the U.S. Department of Agriculture Forest Service.

B. <u>Number and Title of the Categorical Exclusion Being Applied</u>: (See text in 10 CFR Part 1021, Subpart D.)

B1.3 Routine maintenance

- C. <u>Regulatory Requirements in 10 CFR Part 1021.410 (b)</u>: (See full text in regulation and attached checklist.)
 - 1) The proposed action fits within a class of actions listed in Appendix A or B to Subpart D.

For classes of actions listed in Appendix B, the following conditions are integral elements. To fit within a class, the proposal <u>must not</u>:

- Threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, or similar requirements of DOE or Executive Orders;
- Require siting and construction or major expansion of waste storage, disposal, recovery, or treatment facilities (including incinerators), but the proposal may include categorically excluded waste storage, disposal, recovery, or treatment actions or facilities;
- Disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that preexist in the environment such that there would be uncontrolled or unpermitted releases;
- Have the potential to cause significant impacts on environmentally sensitive resources. An environmentally sensitive resource is typically a resource that has been identified as needing protection through Executive Order, statute, or regulation by Federal, State, or local government, or a federally-recognized Indian tribe. An action may be categorically excluded if, although sensitive resources are present, the action would not have the potential to cause significant impacts on those resources (such as construction of a building with its foundation well above a sole-source aquifer or upland surface soil removal on a site

North Gunnison - Salida 115-kV Transmission Line Access Road Maintenance Chaffee and Saguache Counties, Colorado *Project Number: 2018-022*

that has wetlands). Environmentally sensitive resources include, but are not limited to, those listed in paragraph B. (4) (see Attachment A).

- 2) There are no extraordinary circumstances related to the proposal that may affect the significance of the environmental effects of the proposal.
- The proposal is not "connected" to other actions with potentially significant impacts, is not related to other proposed actions with cumulatively significant impacts, and is not precluded by 40 CFR Part 1506.1 or 10 CFR Part 1021.211.

D. <u>Special Stipulations Pertaining to the Proposal</u>:

- 1) If the scope of work of this project changes, WAPA's Environmental Division must be contacted to determine whether additional environmental review is required.
- 2) This Categorical Exclusion expires three years from the signature date. If all project work has not been completed by the expiration date, or if the need for an environmental compliance extension is anticipated, WAPA's Environmental Division must be contacted for an updated environmental review.
- 3) Work between Structures 27/6 and 27/10 and on associated access roads <u>may not occur</u> <u>between March 1 and July 15</u> to avoid and minimize effects to the Gunnison sage-grouse and its critical habitat.
 - a. All work occurring within this area must minimize damage to sagebrush and other shrubs as much as possible.
 - b. All work occurring within this area must be confined to the existing access road and structure landings as much as possible.
- 4) Any injured or dead birds encountered on WAPA's ROW shall be immediately reported to the RMR Avian Protection Leads by telephone at (970) 593-8803 or (970) 278-7119. Additional documentation, such as photographs and GPS coordinates, may be requested to support WAPA's reporting requirements to the U.S. Fish and Wildlife Service. Any active nests located on WAPA's transmission structures, substation equipment, or other areas that may threaten the safety of the nesting birds or pose a threat of fire hazard, mechanical failure, or power outage shall also be reported to the RMR Avian Protection Leads as soon as possible.
- 5) If any cultural resources are inadvertently discovered during implementation of the proposed action, work within 100-feet of the discovery area shall halt immediately, WAPA's archaeologist shall be contacted immediately, and the resource shall be evaluated by an archaeologist or historian who meets the Secretary of the Interior's Professional Qualification Standards (36 CFR Part 61). Work in the area of discovery shall not resume until notification to proceed is provided by WAPA's archaeologist.

North Gunnison - Salida 115-kV Transmission Line Access Road Maintenance Chaffee and Saguache Counties, Colorado *Project Number: 2018-022*

- 6) If any possible human remains are inadvertently discovered during implementation of the proposed action, work within 100-feet of the discovery area shall halt immediately and WAPA's archaeologist shall be notified immediately by telephone (no later than 24 hours from the time of discovery). A reasonable effort shall be made to protect the remains from looting and/or further damage. If the discovery is located on Federal or tribal lands, the provisions of the Native American Graves Protection and Repatriation Act of 1990, as amended, and implementing regulations 43 CFR Part 10 shall be followed. In this situation, a mandatory minimum 30 day halt to construction activities in the area of discovery is required. If the discovery is located on State or private lands, the appropriate State laws regarding the discovery of human remains shall be followed. Work in the area of discovery shall not resume until notification to proceed is provided by WAPA's archaeologist.
- 7) WAPA has a clean vehicle policy intended to prevent the transport of non-native and invasive plants and animals, including noxious weeds and aquatic nuisance species. Operators will be required to thoroughly wash all vehicles and equipment (trailers, trucks, UTVs, etc.) before entering the action area and working on the project.
- 8) WAPA shall exercise care to preserve the natural landscape and shall conduct this project to prevent any unnecessary destruction, scarring, or defacing of the natural surroundings in the project vicinity. Vegetation shall be preserved and shall be protected from damage by WAPA's maintenance operations and equipment as much as possible. If operations or equipment cause terrain damage, the maintenance crew shall repair the damage.
- 9) To minimize impacts to the environment and prevent damage to access roads, operation of off-road equipment will not be permitted during periods of heavy rains, when soils are wet, or when excessive soil damage may occur due to unsuitable operating conditions. Project work shall not be conducted during periods when the soil is too wet to adequately support equipment. If equipment creates ruts in excess of six (6) inches deep, the soil shall be deemed too wet to adequately support equipment.
- 10) To prevent spills of fuel, oil, hydraulic fluid, or other petroleum products into the environment during fueling or maintenance activities for vehicles, equipment, or tools, project site personnel shall maintain an appropriately sized containment device to contain incidental spills under any work area. All fueling activities shall take place over a drip pan lined with absorbent pads. Used absorbent pads shall be placed into an approved DOT container and removed from the project site for appropriate disposal. In addition, project site personnel shall have on hand sufficient supplies, such as absorbent mats, booms, socks, or other spill containment materials, to be available for immediate spill prevention, containment, and cleanup prior to commencing any refueling activities.

North Gunnison - Salida 115-kV Transmission Line Access Road Maintenance Chaffee and Saguache Counties, Colorado *Project Number: 2018-022*

E. <u>Determination</u>: Based on my review of information provided to me and in my possession concerning the proposed action, I have determined that the proposed action fits within the specified class of actions, the other regulatory requirements set forth above are met, and the proposed action is categorically excluded from requirements for an EA or an EIS.

ENVIRONMENTAL REVIEW FOR CATEGORICAL EXCLUSION DETERMINATION

Rocky Mountain Region, Western Area Power Administration

North Gunnison - Salida 115-kV Transmission Line Access Road Maintenance Chaffee and Saguache Counties, Colorado *Project Number: 2018-022*

ATTACHMENT A Conditions That Are Integral Elements of the Classes of Actions in Appendix B That Apply to This Proposal

Checklist for Categorical Exclusion Determination, revised Nov. 2011

Application of Categorical Exclusions (1021.410)	Disagree	Agree	Unknown
(b)(1) The proposal fits within a class of actions that is listed in		Х	
appendix B to subpart D.			
(b)(2) There are no extraordinary circumstances related to the proposal		Х	
that may affect the significance of the environmental effects of the			
proposal, including, but not limited to, scientific controversy about the			
environmental effects of the proposal; uncertain effects or effects			
involving unique or unknown risks; and unresolved conflicts concerning			
alternate uses of available resources.			
(b)(3) The proposal has not been segmented to meet the definition of a		Х	
categorical exclusion. Segmentation can occur when a proposal is			
broken down into small parts in order to avoid the appearance of			
significance of the total action. The scope of a proposal must include			
the consideration of connected and cumulative actions, that is, the			
proposal is not connected to other actions with potentially significant			
impacts (40 CFR Part 1508.25(a)(1)), is not related to other actions with			
individually insignificant but cumulatively significant impacts (40 CFR			
Part 1508.27(b)(7)), and is not precluded by 40 CFR Part 1506.1 or §			
1021.211 of this part concerning limitations on actions during EIS			
preparation.	NO	TIEG	
B. Conditions that are Integral Elements of the Classes of Actions in	NO	YES	Unknown
Appendix B.			
(1) Threaten a violation of applicable statutory, regulatory, or permit	Х		
requirements for environment, safety and health, or similar			
requirements of DOE or Executive Orders.			
(2) Require siting and construction or major expansion of waste storage,	Х		
disposal, recovery, or treatment facilities (including incinerators),			
but the proposal may include categorically excluded waste storage,			
disposal, recovery, or treatment actions or facilities;	17		
(3) Disturb hazardous substances, pollutants, contaminants, or	Х		
CERCLA-excluded petroleum and natural gas products that preexist			
in the environment such that there would be uncontrolled or			
unpermitted releases;	V		
(4) Have the potential to cause significant impacts on environmentally	Х		
sensitive resources. An environmentally sensitive resource is			
typically a resource that has been identified as needing protection through Executive Order statue or regulation by Ecderel State or			
through Executive Order, statue, or regulation by Federal, State, or			
local government, or a federally-recognized Indian tribe. An action			

North Gunnison - Salida 115-kV Transmission Line Access Road Maintenance Chaffee and Saguache Counties, Colorado *Project Number: 2018-022*

may be categorically excluded if, although sensitive resources are present, the action would not have the potential to cause significant impacts on those resources (such as construction of a building with its foundation well above a sole-source aquifer or upland surface soil removal on a site that has wetlands). Environmentally sensitive resources include, but are not limited to: (i) Property (such as sites, buildings, structures, and objects) of historic, archaeological, or architectural significance designated by a Federal, State, or local government, or property determined to be eligible for listing on the National Register of Historic Places; X (ii) Federally-listed threatened or endangered species or their habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); X (iii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, -Compliance with Floodplain and Wetland Environmental Review Requirements: "Definitions," or its successor); X (iv) Areas having a special designation such as federally-and state-designated wilderneess areas, national parks, national monuments, national natural landmarks, wild and Scenic rivers, State and Federal wildliff refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; X (v) Prime or unique farmland, or other farmland of statewide o		•	
impacts on those resources (such as construction of a building with its foundation well above a sole-source aquifer or upland surface soil removal on a site that has wetlands). Environmentally sensitive resources include, but are not limited to: (i) Property (such as sites, buildings, structures, and objects) of X historic, archaeological, or architectural significance designated y by a Federal, State, or local government, or property determined to be eligible for listing on the National Register of Historic Places; X (ii) Federally-listed threatened or endangered species or their X habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bal and Golden Eagle Protection Act or the Migratory Bird Treaty Act); (ii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, X —Compliance with Floodplain and Wetland Environmental X designated wilderness areas, national parks, national mounments, national natural landmarks, wild and scenic rivers, State and Federal wildlift er			
its foundation well above a sole-source aquifer or upland surface soil removal on a site that has wetlands). Environmentally sensitive resources include, but are not limited to: (i) Property (such as sites, buildings, structures, and objects) of historic, archaeological, or architectural significance designated by a Federal, State, or local government, or property determined to be eligible for listing on the National Register of Historic Places; X (ii) Federally-listed threatened or endangered species or their habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); X (iii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, —Compliance with Floodplain and Wetland Environmental Review Requirements: "Definitions," or its successor); X (iv) Areas having a special designation such as federally-and state- designated wilderness areas, national parks, national monuments, national natural landmarks, wild and scenic rivers, State and Federal wildlife refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; X (v) Prime or unique farmland, or other farmland of statewide or local importance, as defined at 7 CFR Part 658.2(a), —Farmland Protection Policy Act: Definitions, or its successor;	present, the action would not have the potential to cause significant		
soil removal on a site that has wetlands). Environmentally sensitive resources include, but are not limited to: (i) Property (such as sites, buildings, structures, and objects) of X historic, archaeological, or architectural significance designated X by a Federal, State, or local government, or property K determined to be eligible for listing on the National Register of X Historic Places; X (ii) Federally-listed threatened or endangered species or their X habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); (ii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, X (iii) Floodplains and wetlands successor; (iv) Areas having a special designation such as federally-and state- X designated wilderneess areas, national parks, national monuments, national natural landmarks, wild and scenic rivers, State and Federal wildlife refuges, scenic areas (s	impacts on those resources (such as construction of a building with		
resources include, but are not limited to: X (i) Property (such as sites, buildings, structures, and objects) of historic, archaeological, or architectural significance designated by a Federal, State, or local government, or property determined to be eligible for listing on the National Register of Historic Places; X (ii) Federally-listed threatened or endangered species or their habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); X (ii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, —Compliance with Floodplain and Wetland Environmental Review Requirements: "Definitions," or its successor); X (iv) Areas having a special designation such as federally-and state-designated wildleness areas, national parks, national monuments, national natural landmarks, wild and scenic rivers, State and Federal wildlife refuges, scenic areas (such as National Scenic Areas), and marine sanctuaries; X (v) Prime or unique farmland, or other farmland of statewide or local importance, as defined at 7 CFR Part 658.2(a), —Farmland Protection Policy Act: Definitions, or its successor; X (vi) Special sources of water (such as sole-source aquifers, wellhead protection areas, and other water sources that are vital in a region); and X <	its foundation well above a sole-source aquifer or upland surface		
(i) Property (such as sites, buildings, structures, and objects) of historic, archaeological, or architectural significance designated by a Federal, State, or local government, or property determined to be eligible for listing on the National Register of Historic Places; X (ii) Federally-listed threatened or endangered species or their habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); X (iii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, Compliance with Floodplain and Wetland Environmental Review Requirements: "Definitions," or its successor); X (iv) Areas having a special designation such as federally-and state- designated wilderness areas, national parks, national monuments, national natural landmarks, wild and scenic rivers, State and Federal wildlife refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; X (v) Prime or unique farmland, or other farmland of statewide or local importance, as defined at 7 CFR Part 658.2(a), Farmland Protection Policy Act: Definitions, or its successor; X (vi) Special sources of water (such as sole-source aquifers, wellhead protection areas, and other water sources that are vital in a region); and	soil removal on a site that has wetlands). Environmentally sensitive	•	
historic, archaeological, or architectural significance designated by a Federal, State, or local government, or property determined to be eligible for listing on the National Register of Historic Places; (ii) Federally-listed threatened or endangered species or their X habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); (ii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4,Compliance with Floodplain and Wetland Environmental X Review Requirements: "Definitions," or its successor); (iv) Areas having a special designation such as federally-and state- X designated wildlife refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; (v) Prime or unique farmland, or other farmland of statewide or local importance, as defined at 7 CFR Part 658.2(a),Farmland Protection Policy Act: Definitions, or its successor; (vi) Special sources of water (such as sole-source aquifers, wellhead X protection areas, and other water sources that are vital in a region); and	resources include, but are not limited to:		
historic, archaeological, or architectural significance designated by a Federal, State, or local government, or property determined to be eligible for listing on the National Register of Historic Places; (ii) Federally-listed threatened or endangered species or their X habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); (ii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4,Compliance with Floodplain and Wetland Environmental X Review Requirements: "Definitions," or its successor); (iv) Areas having a special designation such as federally-and state- X designated wildlife refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; (v) Prime or unique farmland, or other farmland of statewide or local importance, as defined at 7 CFR Part 658.2(a),Farmland Protection Policy Act: Definitions, or its successor; (vi) Special sources of water (such as sole-source aquifers, wellhead X protection areas, and other water sources that are vital in a region); and	(i) Property (such as sites, buildings, structures, and objects) of	X	
by a Federal, State, or local government, or property determined to be eligible for listing on the National Register of Historic Places; (ii) Federally-listed threatened or endangered species or their habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); X (iii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, -Compliance with Floodplain and Wetland Environmental Review Requirements: "Definitions," or its successor); X (iv) Areas having a special designation such as federally-and state-designated wilderness areas, national parks, national monuments, national natural landmarks, wild and scenic rivers, State and Federal wildlife refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; X (v) Prime or unique farmland, or other farmland of statewide or local importance, as defined at 7 CFR Part 658.2(a),Farmland Protection Policy Act: Definitions, or its successor; X (vi) Special sources of water (such as sole-source aquifers, wellhead protection areas, and other water sources that are vital in a region); and X		ł	
determined to be eligible for listing on the National Register of Historic Places; X (ii) Federally-listed threatened or endangered species or their habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); X (iii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, —Compliance with Floodplain and Wetland Environmental Review Requirements: "Definitions," or its successor); X (iv) Areas having a special designation such as federally-and state- designated wilderness areas, national parks, national monuments, national natural landmarks, wild and scenic rivers, State and Federal wildlife refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; X (v) Prime or unique farmland, or other farmland of statewide or local importance, as defined at 7 CFR Part 658.2(a), —Farmland Protection Policy Act: Definitions, or its successor; X (vi) Special sources of water (such as sole-source aquifers, wellhead region); and X			
Historic Places; (ii) Federally-listed threatened or endangered species or their X habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); X (iii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, —Compliance with Floodplain and Wetland Environmental Review Requirements: "Definitions," or its successor); X (iv) Areas having a special designation such as federally-and state- designated wilderness areas, national parks, national monuments, national natural landmarks, wild and scenic rivers, State and Federal wildlife refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; X (v) Prime or unique farmland, or other farmland of statewide or local importance, as defined at 7 CFR Part 658.2(a), —Farmland Protection Policy Act: Definitions, or its successor; X (vi) Special sources of water (such as sole-source aquifers, wellhead protection areas, and other water sources that are vital in a region); and X			
(ii) Federally-listed threatened or endangered species or their X habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); (iii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, X —Compliance with Floodplain and Wetland Environmental Review Requirements: "Definitions," or its successor); X (iv) Areas having a special designation such as federally-and state- X A designated wilderness areas, national parks, national monuments, national natural landmarks, wild and scenic rivers, State and Federal wildlife refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; X (v) Prime or unique farmland, or other farmland of statewide or X Imaginal monuments, and other water sources that are vital in a region); and			
habitat (including critical habitat) or federally-proposed or candidate species or their habitat (Endangered Species Act); state-listed or state-proposed endangered or threatened species or their habitat; federally-protected marine mammals and Essential Fish Habitat (Marine Mammal Protection Act; Magnuson-Stevens Fishery Conservation and Management Act); and otherwise federally-protected species (such as under the Bald and Golden Eagle Protection Act or the Migratory Bird Treaty Act); (iii) Floodplains and wetlands (as defined in 10 CFR Part 1022.4, —Compliance with Floodplain and Wetland Environmental Review Requirements: "Definitions," or its successor); X (iv) Areas having a special designation such as federally-and state-designated wilderness areas, national parks, national monuments, national natural landmarks, wild and scenic rivers, State and Federal wildlife refuges, scenic areas (such as National Scenic and Historic Trails or National Scenic Areas), and marine sanctuaries; X (v) Prime or unique farmland, or other farmland of statewide or local importance, as defined at 7 CFR Part 658.2(a), —Farmland Protection Policy Act: Definitions, or its successor; X (vi) Special sources of water (such as sole-source aquifers, wellhead protection areas, and other water sources that are vital in a region); and X		X
