**Re: Emera CNG LLC
DOE Semi-Annual Report
DOE/FE OrderNos. 3447 and 3727, FE Docket No. 13-157-CNG**

Dear Ms. Moore:

Pursuant to Ordering Paragraph G. of DOE/FE Order No. 3447 and Paragraph I. of DOE/FE Order No. 3727, Emera CNG, LLC ("Emera") hereby submits its semi-annual report, for period April 1, 2018 to Sep 30, 2018, describing the progress of the proposed CNG compression and loading facility.^{1,2}

Subsequent to issuance of the Final Opinion and Order Granting Long-Term, Multi Contract Authorization to Export Compressed Natural Gas by Vessel from a Proposed CNG Compression and Loading Facility at the Port of Palm Beach, Florida, to Non-Free Trade Agreement Nations by the DOE/FE on October 19 of 2015, Emera is pursuing a Final Investment Decision ("FID") in order to initiate project implementation along with related permitting activities required. The date at which the facility is expected to commence first export is dependent on obtaining a positive "FID" outcome.

Emera has not yet entered in any long-term contracts associated with long-term export of CNG or any related long-term supply contracts.

Please note that Emera has changed its address, and your records should be updated to reflect its new address:
