

SC Perspective

Including Project Leadership Institute Update

Ron Lutha Acting Director, DOE/SC Office of Project Assessment

Ben Brown, DOE/SC Program Manager

Jeff Sims, SLAC Project Manager & Director of DOE PLI

SC Snapshot

- SC Organization Remains Stable
- SC Project Portfolio Remains Stable
- SC Project Performance Remains Good
- SC Priority Projects (Exascale, LCLS II, LBNF/DUNE) Are On Track
- SC Projects Contribute Significantly to the SC Mission
Delivering foundations for new technologies, businesses, and industries, making significant contributions to our nation's economy, national security, and quality of life
- SC PLI – Project Leadership Institute (PLI) is well underway...

MISSION

Cultivate a diverse **network** of successful DOE project delivery practitioners—those capable of delivering major high-risk projects

The PLI program participants will contribute to building a **culture of project management excellence** across DOE

PLI is for all of DOE

2017

2018

2019

2017: 23 participants from 14 DOE organizations
2018: 24 participants from 17 DOE organizations
2019: 24 participants from 16 DOE organizations

71 Participants
16 National Laboratories/Sites
7 Headquarters Elements

HQ Program Offices
SC High Energy Physics
SC Nuclear Physics
SC Science Laboratory Infrastructure

Site Offices
Argonne Site Office
Fermi Site Office
Oak Ridge Site Office
Princeton Site Office
