- State of Louisiana Coastal Protection and Restoration Authority (CPRA), Oil Spill Coordinator's Office (LOSCO), Department of Environmental Quality (LDEQ), Department of Wildlife and Fisheries (LDWF), and Department of Natural Resources (LDNR);
- State of Mississippi Department of Environmental Quality;
- State of Alabama Department of Conservation and Natural Resources and Geological Survey of Alabama;
- State of Florida Department of Environmental Protection and Fish and Wildlife Conservation Commission: and
- State of Texas Parks and Wildlife Department, General Land Office, and Commission on Environmental Quality.

On April 4, 2016, the Trustees reached and finalized a settlement of their natural resource damage claims with BP in a Consent Decree approved by the United States District Court for the Eastern District of Louisiana. Pursuant to that Consent Decree, restoration projects in the Louisiana Restoration Area are now chosen and managed by the Louisiana TIG. The Louisiana TIG is composed of the following Trustees: CPRA, LOSCO, LDEQ, LDWF, LDNR, EPA, DOI, NOAA, USDA.

Background

The original scope and design of the Lake Charles SCEC project were evaluated in the Final RP/EA #2, which was published on July 20, 2018. As proposed in the Final RP/EA #2, the Lake Charles SCEC project would enhance recreational opportunities by providing indoor and outdoor public visitation and outreach components, including fisheries extension, access, outreach, and education to the public. Following release of the Final RP/EA #2, the City of Lake Charles requested that the Louisiana TIG consider collocating the Lake Charles SCEC with the City's planned LCCM. The Louisiana TIG prepared the Draft Supplemental RP/EA to evaluate modifications to the Lake Charles SCEC project and consider alternatives, consistent with the purpose and need of the original project. Alternatives considered in the Draft Supplemental RP/EA include the collocation of the Lake Charles SCEC and LCCM with variations of indoor and outdoor components to support recreational and educational opportunities. The Louisiana TIG prepared the Draft Supplemental RP/EA to inform the public about potential modifications to the Lake Charles SCEC project and to seek public comment.

Next Steps

The public is encouraged to review and comment on the Draft Supplemental RP/EA. A public meeting is scheduled to also help facilitate the public review and comment process. A summary of comments received on the Draft Supplemental RP/EA and the Louisiana TIG's responses, where applicable, will be included in the Final Supplemental RP/EA. Public comments on the Draft Supplemental RP/EA will inform the Louisiana TIG's decision on whether to select the Lake Charles SCEC project, as modified, in the Final Supplemental RP/EA.

Administrative Record

The documents comprising the Administrative Record for the Draft Supplemental RP/EA can be viewed electronically at https://www.doi.gov/deepwaterhorizon/adminrecord.

Authority

The authority for this action is the Oil Pollution Act of 1990 (33 U.S.C. 2701 *et seq.*), its implementing NRDA regulations found at 15 CFR part 990, and the NEPA (42 U.S.C. 4321 *et seq.*).

Dated: April 2, 2019.

Benita Best-Wong,

 $\label{lem:definition} \textit{Deputy Assistant Administrator, Office of Water.}$
