**Re: Mexico Pacific Limited LLC, FE Docket No. 18-70-LNG
Semi-Annual Report – April 2020**

Dear Ms. Moore:

Pursuant to Ordering Paragraph J of DOE/FE Order No. 4248,¹ I submit on behalf of Mexico Pacific Limited LLC (“MPL”) its fourth semi-annual report describing the progress MPL has made in the development and commercialization of its proposed LNG production and storage facility (the “MPL Facility”). The MPL Facility remains under development and does not yet have an expected operational date. MPL has not yet executed any long-term contracts associated with the export of U.S.-sourced natural gas as LNG, nor has it executed any long-term supply contracts. MPL will report on the execution of any such contracts immediately following their execution, as required by Order No. 4248. On March 5, 2020, MPL entered into a Front End Engineering Design (“FEED”) services agreement with Technip USA, Inc. for the development of the MPL Facility.

If you have any questions regarding this submission, please contact me at (713) 425-6500.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Loftus'.

Josh Loftus
Chief Development Officer, Mexico Pacific Limited LLC
