**H.72 Indemnification Under Public Law 85-804 (Apr 1984) Alternate I (1984)**

(a) "Contractor's principal officials," as used in this clause, means directors, officers, managers, superintendents, or other representatives supervising or directing-

- (1) All or substantially all of the Contractor's business;
- (2) All or substantially all of the Contractor's operations at any one plant or separate location in which this contract is being performed; or
- (3) A separate and complete major industrial operation in connection with the performance of this contract.

(b) Under Public Law 85-804 (50 U.S.C. 1431-1435) and Executive Order 10789, as amended, and regardless of any other provisions of this contract, the Government shall, subject to the limitations contained in the other paragraphs of this clause, indemnify the Contractor against-

- (1) Claims (including reasonable expenses of litigation or settlement) by third persons (including employees of the Contractor) for death; personal injury; or loss of, damage to, or loss of use of property;
- (2) Loss of, damage to, or loss of use of Contractor property, excluding loss of profit; and
- (3) Loss of, damage to, or loss of use of Government property, excluding loss of profit.

(c) This indemnification applies only to the extent that the claim, loss, or damage (1) arises out of or results from a risk defined in this contract as unusually hazardous or nuclear and (2) is not compensated for by insurance or otherwise. Any such claim, loss, or damage, to the extent that it is within the deductible amounts of the Contractor's insurance, is not covered under this clause. If insurance coverage or other financial protection in effect on the date the approving official authorizes use of this clause is reduced, the Government's liability under this clause shall not increase as a result.

(d) When the claim, loss, or damage is caused by willful misconduct or lack of good faith on the part of any of the Contractor's principal officials, the Contractor shall not be indemnified for-

- (1) Government claims against the Contractor (other than those arising through subrogation); or
- (2) Loss or damage affecting the Contractor's property.

(e) With the Contracting Officer's prior written approval, the Contractor may, in any subcontract under this contract, indemnify the subcontractor against any risk defined in this contract as unusually hazardous or nuclear. This indemnification shall provide, between the Contractor and the subcontractor, the same rights and duties, and the same provisions for notice, furnishing of evidence or proof, and Government settlement or defense of claims as this clause provides. The Contracting Officer may also approve indemnification of subcontractors at any lower tier, under the same terms and conditions. The Government shall indemnify the Contractor against liability to subcontractors incurred under subcontract provisions approved by the Contracting Officer.

(f) The rights and obligations of the parties under this clause shall survive this contract's termination, expiration, or completion. The Government shall make no payment under this clause unless the agency head determines that the amount is just and reasonable. The Government may pay the Contractor or subcontractors, or may directly pay parties to whom the Contractor or subcontractors may be liable.

(g) The Contractor shall-

(1) Promptly notify the Contracting Officer of any claim or action against, or any loss by, the Contractor or any subcontractors that may be reasonably be expected to involve indemnification under this clause;

(2) Immediately furnish to the Government copies of all pertinent papers the Contractor receives;

(3) Furnish evidence or proof of any claim, loss, or damage covered by this clause in the manner and form the Government requires; and

(4) Comply with the Government's directions and execute any authorizations required in connection with settlement or defense of claims or actions.

(h) The Government may direct, control, or assist in settling or defending any claim or action that may involve indemnification under this clause.

(i) The cost of insurance (including self-insurance programs) covering a risk defined in this contract as unusually hazardous or nuclear shall not be reimbursed except to the extent that the Contracting Officer has required or approved this insurance. The Government's obligations under this clause are-

(1) Excepted from the release required under this contract's clause relating to allowable cost; and

(2) Not affected by this contract's Limitation of Cost or Limitation of Funds clause.

(j) Participation in tasks or activities by the Contractor or its subcontractors on or after March 13, 2020 through June 30, 2020 that is directed or authorized by the U.S. Department of Energy or the U.S. Department of Energy National Nuclear Security Administration, including work for others, as an element of activities taken now and through June 30, 2020 in response to COVID-19, including but not limited to efforts to test for the presence of COVID-19, to provide equipment and resources to address COVID-19, and to develop treatments and vaccines for COVID-19, to the extent the task or activity is not exempt from liability under the Public Readiness and Emergency Preparedness Act (PREP Act) or other law, or the exemption under the PREP Act or other law is limited in scope or amount which is not sufficient to provide complete protection against the liability to which the contractor is exposed.

**COVID-19 3610**

**H.73 Paid leave under Section 3610 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) to maintain employees and subcontractors in a ready state.**

(a) The Contractor may submit for reimbursement and the Government will treat as allowable (if otherwise allowable per federal regulations) the costs of paid leave (including sick leave) the Contractor or its subcontractors provide to keep employees in a ready state if-

(1) The employees: cannot perform work on a site approved by the Federal Government (including a federally-owned or leased facility or site) due to facilities closures or other restrictions; and cannot telework because their job duties cannot be performed remotely during the public health emergency declared on January 31, 2020 for COVID-19.

(2) The costs are incurred from January 31, 2020 through September 30, 2020.

(3) The costs do not reflect any amount exceeding an average of 40 hours per week for paid leave.

(b) Where other relief provided for by the CARES Act or any other Act would benefit the contractor or the contractor's subcontractors, including, but not limited to, funds available under sections 1102 and 1106 of the CARES Act, the contractor should evaluate the applicability of such benefits in seeking reimbursement under the contract.

(c) The Contractor must represent in any request for reimbursement-

(1) Either it: has not received, has not claimed, and will not claim any other reimbursement, including claims for reimbursement via letter of credit, for federal funds available under the CARES Act for the same purpose, including, but not limited to, funds available under sections 1102 and 1106 of the CARES Act; or if it has received, claimed, or will claim other reimbursement, that reimbursement has been reflected, or will be reflected when known, in requests for reimbursement but in no case reflected later than in its final proposal to determine allowable incurred costs.

(2) Its request reflects or will reflect as soon as known all applicable credits, including

(i) Tax credits, including credits allowed pursuant to division G of Public Law 116-127;  
and

(ii) Applicable credits allowed under the CARES Act, including applicable credits for loan guarantees.

- A. The purpose of this modification is to definitize Request for Equitable Adjustment (REA) based on the letter, SRNS-F2000-2019-00034, Savannah River M&O Contract DE-AC09-08SR22470; *Submittal of Fee Proposal for MOX Transition and Pit Production Design Work*, dated February 13, 2019, as supplemented on May 7, 2019 (revised fee percentage) and letter, SRNS-F2000-2019-00243, *Savannah River M&O Contract DE-AC09-08SR22470; Change Proposal for MOX Transition and Pit Production Design Work*, dated September 20, 2019 (revised fee base).
- B. Section B, Supplies or Services and Prices/Costs, Paragraph B-2.3 (a) is modified to add the following paragraph B-2.3 (a) (2):

National Nuclear Security Administration (NNSA) MOX Termination and Transition and Proposed Savannah River Plutonium Processing Facility (SRPPF) work for the performance period October 1, 2018 through July 31, 2019. The negotiated fee base associated with this work is \$42,982,601. The negotiated fixed fee for this work is \$1,751,066. The breakdown of this fee/fee base is:

Program	B&R	Fee Base	Fixed Fee
MOX Termination and Transition	39DN00101	\$22,157,685.00	\$ 902,680.80
Proposed SRPPF	MB0502	\$20,824,916.00	\$ 848,385.20
Total		\$42,982,601.00	\$ 1,751,066.00

All fee (and adjusted fee base) related to the MOX Termination and Transition and the Proposed SRPPF work performed under this contract after July 31, 2019 has been included in the contract extension modification number 0857.

- C. Contract Section C, Statement of Work, is revised and appended as follows:

- (1) Section C-3.3 (b) (2) is changed to read as follows:

(2) Mixed Oxide Fuel Fabrication Facility (MFFF): The MFFF was to be used to manufacture MOX fuel assemblies for use in commercial nuclear power reactors. For the MFFF and MOX program, the Contractor was to provide Title II and Title III Engineering Support with some regulatory and site interface support work. However, on November 15, 2018 DOE Terminated Contract No. DE-AC02-99CH10888 and will no longer pursue the MFFF approach.

From October 10, 2018 through March 31, 2019, the M&O contractor is to take the necessary actions to assume responsibility of the MOX Complex Area as a result of the termination of Contract No. DE-AC02-99CH10888. This includes compliance reviews, property inventory and inspections, and subsuming required subcontracts. As of April 1, 2019, the M&O contractor will continue minimum necessary operations and maintenance activities for MFFF Government property including the management and disposition of temporary facilities, inventories of equipment, materials, documents, and records; and initiate project closure activities in accordance with DOE O 413.3B.

- (2) Section C-3.3 is modified to add the following paragraph Section C-3.3 (d):

(d) Proposed Savannah River Plutonium Processing Facility (SRPPF):

The SRPPF project will include design, procurement, construction and startup of plutonium pit processing, process support equipment, and balance of plant systems necessary for the SRPPF to produce War Reserve plutonium pits. The project will also include demolition and removal of the process equipment and utility commodities intended for fuel fabrication previously installed in the existing Mixed Oxide Fuel Fabrication Facility (MFFF) concrete structure, 226-F. The transition of building 226-F and supporting project infrastructure/equipment will include the turnover of all necessary design and quality documentation, along with stewardship of the transitioned property.

The cornerstone of the SRPPF project is the repurposing of the partially completed robust concrete structure, building 226-F, using existing former MFFF support facilities to the maximum extent and building additional facilities as required.

From October 2018 to July 2019, the SRPPF project was initiated. A project team was formed and staffed, an estimate and schedule for delivery of CD-1 was submitted, conceptual design for process equipment and balance of plant systems was begun, critical project management documents required by DOE Order 413.3B, such as the safety basis strategy and functional operating requirements were started, and an implementation plan for the NNSA Program Requirements Document (PRD) was developed. This level of activity supported the accelerated project completion date required by NNSA of 2025 and full production of pits by 2030.

D. Contractor's Statement of Release:

In consideration of the Modification 908 agreed to herein as complete equitable adjustments for the Contractor's request for equitable adjustment entitled SRNS-F2000-2019-00034, *Savannah River M&O Contract DE-AC09-08SR22470; Submittal of Fee Proposal for MOX Transition and Pit Production Design Work*, dated February 13, 2019, as supplemented on May 7, 2019 (revised fee percentage) and letter, SRNS-F2000-2019-00243, *Savannah River M&O Contract DE-AC09-08SR22470; Change Proposal for MOX Transition and Pit Production Design Work*, dated September 20, 2019 (revised fee base), the Contractor hereby releases the Government from any and all liability under this contract for further equitable adjustments attributable to such facts or circumstances giving rise to the changes as noted in the modification.

E. All other terms and conditions remain unchanged.
