

VIRTUAL REALITY – REMOTE ENVIRONMENT QUESTIONNAIRE

Presented by Al MacDougall
FTCP Virtual Meeting
August 2020

Remote Environment

1. What are the most significant challenges you have faced in sustaining your Technical Qualification Program (TQP) in the virtual environment created by the current pandemic?
 - a. Describe the solutions that were implemented to address these challenges.
 - b. Which solution(s) have proven to be the most effective?
 - c. What trends in both challenges and solutions were identified within your program office? (HQ Agent only).

Remote Environment

2. What specific adaptive measures were taken to overcome current site challenges and obstacles with the TQP while operating in a remote environment?
3. Do you think that the overall effectiveness of the TQP has been diminished in this current environment?
 - a. If the answer is yes, from a qualitative perspective, how would you describe the magnitude and impact of this reduction in program effectiveness?
 - b. How long do you think that the effectiveness of the TQP can be sustained in the current environment?
