

WATER EVALUATION DATA COLLECTION FORM

Batch Processes (such as laboratory glassware washing)

Building number and name					
Batch Processes description (unique name identifier)					Comments
Is the batch process water use metered? (circle)	Yes* / No	Yes* / No	Yes* / No	Yes* / No	
Typical number of batches per week					
Number of weeks per year the batch process runs					
Water use for one batch (gal)					
Percentage of the water that is recycled/reused, if any					

*Collect meter data for a full year

WATER EVALUATION DATA COLLECTION FORM

Continuous Processes (such as tempering water for steam sterilizers)

Building number and name					
Continuous Processes description (unique name identifier)					Comments
Is the continuous process water use metered? (circle)	Yes* / No	Yes* / No	Yes* / No	Yes* / No	
Typical number of hours per week the continuous process runs					
Number of weeks per year the continuous process runs					
Typical flow rate (gpm)					
Percentage of the water that is recycled/reused, if any					

*Collect meter data for a full year
