

Marine Energy to Hydrogen Working Meeting

February 17th 8:00 – 12:30 MST

Plenary 8:00-8:15

Jennifer Garson & Eric Miller

Presentations 8:15-8:45

- Potential of the Hydrogen and Marine Energy Vectors
Bill McShane, Richy Ainsworth, & Elias Greenbaum
- Introduction to the Meeting Format
Jake Thorson

Break 8:45-8:55

Breakouts (Maritime Opportunities) 8:55-9:40

- Identifying opportunities of interest for different application groupings

Breakout Session Recap..... 9:40-10:10

Presentations 10:10-10:40

- Funding Opportunities
Grigorii Soloveichik and Neha Rustagi
- Technical Considerations for Marine Energy and Hydrogen Deployments
Trond Strømgren, Chris Matthews, & Jake Thorson

Break 10:40-10:45

Breakouts (Technical Integration) 10:45-11:30

- Identifying challenges and opportunities for integrating marine energy resources and hydrogen technologies

Breakout Session Recap..... 11:30-12:00

Open Networking Session 12:00-12:30
