Inflation Adjustment of Civil Monetary Penalties

AGENCY: Office of the General Counsel, U.S. Department of Energy.

ACTION: Final rule.

SUMMARY: The Department of Energy (“DOE”) publishes this final rule to adjust DOE’s civil monetary penalties (“CMPs”) for inflation as mandated by the Federal Civil Penalties Inflation Adjustment Act of 1990, as further amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (collectively referred to herein as “the Act”). This rule adjusts CMPs within the jurisdiction of DOE to the maximum amount required by the Act.

DATES: This rule is effective January 11, 2018.

I. Background

In order to improve the effectiveness of CMPs and to maintain their deterrent effect, the Federal Civil Penalties Inflation Adjustment Act of 1990, 28 U.S.C. 2461 note (“the Inflation Adjustment Act”), as further amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Pub. L. 114-74) (“the 2015 Act”), requires Federal agencies to adjust each CMP provided by law within the jurisdiction of the agency. The 2015 Act requires agencies to adjust the level of CMPs with an initial “catch-up” adjustment through an interim final rulemaking and to make subsequent annual adjustments for inflation, notwithstanding 5 U.S.C. 553. DOE’s initial catch-up adjustment interim final rule was published June 28, 2016 (81 FR 41790) and adopted as final without amendment on December 30, 2016 (81 FR 96349). The 2015 Act also provides that any increase in a CMP shall apply only to CMPs, including those whose associated violation predated such increase, which are assessed after the date the increase takes effect.

In accordance with the 2015 Act, the Office of Management and Budget (OMB) must issue annually guidance on adjustments to civil monetary penalties. This final rule to adjust civil monetary penalties for 2018 is issued in accordance with applicable law and OMB’s guidance memorandum on implementation of the 2018 annual adjustment.¹

II. Method of Calculation

The method of calculating CMP adjustments applied in this final rule is required by the 2015 Act. Under the 2015 Act, annual inflation adjustments subsequent to the initial catch-up adjustment are to be based on the percent change between the October Consumer Price Index for all Urban Consumers (CPI-U) preceding the date of the adjustment, and the prior year’s October CPI-U. Pursuant to the aforementioned OMB guidance memorandum, the adjustment multiplier for 2018 is 1.02041. In order to complete the 2018 annual adjustment, each CMP is multiplied by the 2018 adjustment multiplier. Under the 2015 Act, any increase in CMP must be rounded to the nearest multiple of \$1.

III. Summary of the Final Rule

The following list summarizes DOE authorities containing CMPs, and the penalties before and after adjustment.

adjustment multiplier and addressing how to apply it.

IV. Final Rulemaking

The 2015 Act requires that annual adjustments for inflation subsequent to the initial “catch-up” adjustment be made notwithstanding 5 U.S.C. 553.

V. Regulatory Review

A. Executive Order 12866

This rule has been determined not to be a significant regulatory action under Executive Order 12866, “Regulatory Planning and Review,” 58 FR 51735 (October 4, 1993). Accordingly, this action was not subject to review under that Executive Order by the Office of Information and Regulatory Affairs of the Office of Management and Budget.

B. National Environmental Policy Act

DOE has determined that this final rule is covered under the Categorical Exclusion found in DOE’s National Environmental Policy Act regulations at paragraph A5 of appendix A to subpart D, 10 CFR part 1021, which applies to a rulemaking that amends an existing rule or regulation and that does not change the environmental effect of the rule or regulation being amended. Accordingly, neither an environmental assessment nor an environmental impact statement is required.

C. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) requires preparation of an initial regulatory flexibility analysis for any rule that by law must be proposed for public comment. As discussed above, the 2015 Act requires that annual inflation adjustments subsequent to the initial catch-up adjustment be made notwithstanding 5 U.S.C. 553. Because a notice of proposed rulemaking is not required for this action pursuant to 5 U.S.C. 553, or any other law, no regulatory flexibility analysis has been prepared for this final rule.

D. Paperwork Reduction Act

This final rule imposes no new information collection requirements subject to the Paperwork Reduction Act.

E. Unfunded Mandates Reform Act of 1995

The Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4) generally requires Federal agencies to examine closely the impacts of regulatory actions on State, local, and tribal governments. Section 201 exempts agencies from assessing effects on State, local or tribal governments or the private sector of rules that incorporate requirements

specifically set forth in law. Because this rule incorporates requirements specifically set forth in 28 U.S.C. 2461 note, DOE is not required to assess its regulatory effects under section 201. Unfunded Mandates Reform Act sections 202 and 205 do not apply to this action because they apply only to rules for which a general notice of proposed rulemaking is published. Nevertheless, DOE has determined that this regulatory action does not impose a Federal mandate on State, local, or tribal governments or on the public sector.

F. Treasury and General Government Appropriations Act, 1999

Section 654 of the Treasury and General Government Appropriations Act, 1999 (Pub. L. 105–277) requires Federal agencies to issue a Family Policymaking Assessment for any proposed rule that may affect family well-being. This rule would not have any impact on the autonomy or integrity of the family as an institution. Accordingly, DOE has concluded that it is not necessary to prepare a Family Policymaking Assessment.

G. Executive Order 13132

Executive Order 13132, “Federalism,” 64 FR 43255 (August 4, 1999) imposes certain requirements on agencies formulating and implementing policies or regulations that preempt State law or that have federalism implications. Agencies are required to examine the constitutional and statutory authority supporting any action that would limit the policymaking discretion of the States and carefully assess the necessity for such actions. DOE has examined this rule and has determined that it would not preempt State law and would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. No further action is required by Executive Order 13132.

H. Executive Order 12988

With respect to the review of existing regulations and the promulgation of new regulations, section 3(a) of Executive Order 12988, “Civil Justice Reform,” 61 FR 4729 (February 7, 1996), imposes on Executive agencies the general duty to adhere to the following requirements: (1) Eliminate drafting errors and ambiguity; (2) write regulations to minimize litigation; and (3) provide a clear legal standard for affected conduct rather than a general standard and promote simplification and burden reduction. With regard to the review required by section 3(a),

section 3(b) of Executive Order 12988 specifically requires that Executive agencies make every reasonable effort to ensure that the regulation: (1) Clearly specifies the preemptive effect, if any; (2) clearly specifies any effect on existing Federal law or regulation; (3) provides a clear legal standard for affected conduct while promoting simplification and burden reduction; (4) specifies the retroactive effect, if any; (5) adequately defines key terms; and (6) addresses other important issues affecting clarity and general draftsmanship under any guidelines issued by the Attorney General. Section 3(c) of Executive Order 12988 requires Executive agencies to review regulations in light of applicable standards in section 3(a) and section 3(b) to determine whether they are met or it is unreasonable to meet one or more of them. DOE has completed the required review and determined that, to the extent permitted by law, this rule meets the relevant standards of Executive Order 12988.

I. Treasury and General Government Appropriations Act, 2001

The Treasury and General Government Appropriations Act, 2001 (44 U.S.C. 3516 note) provides for agencies to review most disseminations of information to the public under guidelines established by each agency pursuant to general guidelines issued by OMB. OMB’s guidelines were published at 67 FR 8452 (February 22, 2002), and DOE’s guidelines were published at 67 FR 62446 (October 7, 2002). DOE has reviewed this rule under the OMB and DOE guidelines and has concluded that it is consistent with applicable policies in those guidelines.

J. Executive Order 13211

Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use,” 66 FR 28355 (May 22, 2001) requires Federal agencies to prepare and submit to OMB, a Statement of Energy Effects for any proposed significant energy action. A “significant energy action” is defined as any action by an agency that promulgated or is expected to lead to promulgation of a final rule, and that: (1) Is a significant regulatory action under Executive Order 12866, or any successor order; and (2) is likely to have a significant adverse effect on the supply, distribution, or use of energy, or (3) is designated by the Administrator of OIRA as a significant energy action. For any proposed significant energy action, the agency must give a detailed statement of any adverse effects on

² Implemented by 10 CFR 820.81, 10 CFR 851.5, and appendix B to 10 CFR part 851.

energy supply, distribution, or use should the proposal be implemented, and of reasonable alternatives to the action and their expected benefits on energy supply, distribution, and use. This regulatory action would not have a significant adverse effect on the supply, distribution, or use of energy and is therefore not a significant energy action. Accordingly, DOE has not prepared a Statement of Energy Effects.

K. Congressional Notification

As required by 5 U.S.C. 801, DOE will submit to Congress a report regarding the issuance of this final rule prior to the effective date set forth at the outset of this rulemaking. The report will state that it has been determined that the rule is not a "major rule" as defined by 5 U.S.C. 801(2).

L. Approval of the Office of the Secretary

The Secretary of Energy has approved publication of this final rule.

SUPPLEMENTARY INFORMATION:

I. Objective

The objective of this regulation is to adjust the maximum CMPs for inflation through a final rulemaking to retain the deterrent effect of such penalties.

II. Background

A. Introduction

The Federal Civil Penalties Inflation Adjustment Act of 1990, as amended by the Debt Collection Improvement Act of

1996 (1996 Act) and the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (2015 Act) (collectively, 1990 Act, as amended), requires all Federal agencies with the authority to enforce CMPs to evaluate and adjust, if necessary, those CMPs each year to ensure that they continue to maintain their deterrent value and promote compliance with the law. Section 3(2) of the 1990 Act, as amended, defines a civil monetary penalty¹ as any penalty, fine, or other sanction that: (1) Either is for a specific monetary amount as provided by Federal law or has a maximum amount provided for by Federal law; (2) is assessed or enforced by an agency pursuant to Federal law; and (3) is assessed or enforced pursuant to an administrative proceeding or a civil action in the Federal courts.²

The FCA imposes and enforces CMPs through the Farm Credit Act³ and the Flood Disaster Protection Act of 1973, as amended. FCA's regulations governing CMPs are found in 12 CFR parts 622 and 623. Part 622 establishes rules of practice and procedure applicable to formal and informal hearings held before the FCA, and to formal investigations conducted under the Farm Credit Act. Part 623 prescribes rules regarding persons who may practice before the FCA and the circumstances under which such persons may be suspended or debarred from practice before the FCA.

B. CMPs Issued Under the Farm Credit Act

The Farm Credit Act provides that any Farm Credit System (System) institution or any officer, director, employee, agent, or other person participating in the conduct of the affairs of a System institution who violates the terms of a cease-and-desist order that has become final pursuant to section 5.25 or 5.26 of the Farm Credit Act must pay up to a maximum daily amount of \$1,000⁴ during which such violation continues. This CMP maximum was set by the Farm Credit Amendments Act of 1985, which amended the Farm Credit Act. Orders

¹ Note: While the 1990 Act, as amended by 1996 and 2015 Acts, uses the term "civil monetary penalties" for these penalties or other sanctions, the Farm Credit Act and the FCA Regulations use the term "civil money penalties." Both terms have the same meaning. Accordingly, this rule uses the term civil money penalty, and both terms may be used interchangeably.

² See 28 U.S.C. 2461 note.

³ Public Law 92–181, as amended.

⁴ The inflation-adjusted CMP in effect on January 15, 2017, for a violation of a final order is \$2,224 per day, as set forth in § 622.61(a)(1) of FCA regulations.
