

MSRDC

MSRDC Funding Vehicle:
Cooperative Agreement No. W911SR-14-2-0001

MSRDC connects HBCUs and other MSIs to critical resources that profoundly impact studies in the bio-chemical, machine learning, renewable energy, maritime, armaments, defense industries and more. The Consortium creates a collaborative environment of innovation, commercialization and technology leadership through basic, applied, and/or advanced technology development. We pioneer groundbreaking solutions that drive innovation forward.

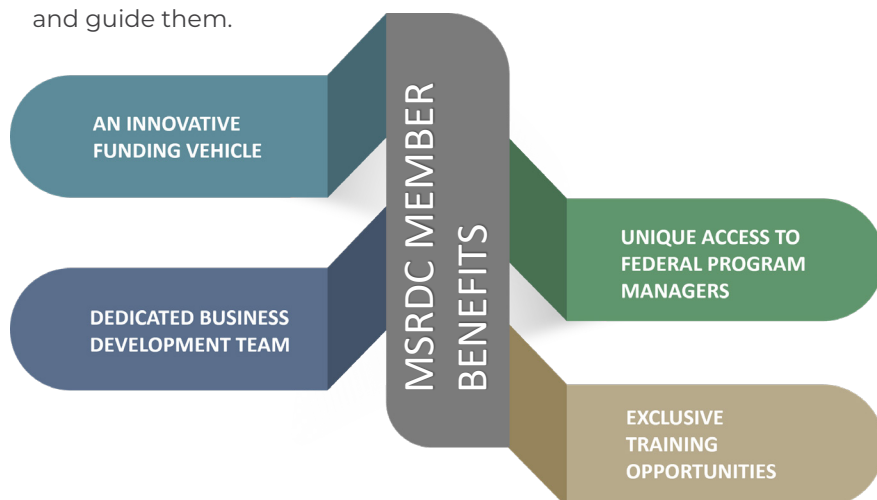

Become A Member

Membership with MSRDC carries a unique and competitive advantage. Our innovative funding vehicle can directly negotiate with sponsoring government agencies for non-competed awards. Our team of experts work with members to accelerate and elevate their research from concept to prototype and beyond.

Member Benefits

- ◆ An Innovative Funding Vehicle: MSRDC's Cooperative Agreement (CA) gives our members a tool to build their own funding opportunities with any federal agency partner.
- ◆ Dedicated Business Development Team: Members can get their Research projects underway knowing that MSRDC's Team is ready and able to mentor and guide them.
- ◆ Unique Access to Federal Program Managers: Our members enjoy unique access to federal agencies and program managers.
- ◆ Exclusive Training Opportunities: We walk you through the process of identifying, soliciting, and winning federal awards and contracts.
- ◆ Awards are very quick with an average 90-day turn-around.

68 MEMBERS

MSRDC is strengthening the MSI STEM capacity by working with HBCUs, HSIs and other MSIs across the nation. It has over 68 MSI members to-date and is continually adding more.

“ MSRDC didn't just get me started, they were there through the whole project. From start to finish, they were by my side. ”

TomiBannister, President
