Summary of ex parte online meeting between American Council for an Energy-Efficient Economy and the Department of Energy on October 18, 2021

Re: Supplemental Notice of Proposed Rulemaking (SNOPR) on Energy Conservation Standards for Manufactured Housing – Docket Number EERE-2009-BT-BC-0021.

Attendees:

Nora Wang Esram, Senior Director for Research, ACEEE
Lowell Ungar, Director of Federal Policy, ACEEE
John Cymbalsky, DOE
Ashley Armstrong, DOE

Summary of Meeting:

- ACEEE thanked DOE for issuing the SNOPR
- DOE confirmed that an item under the docket listed at Office of Management and Budget's regulatory dashboard would be made available for public comment
- ACEEE said they are working on analysis on affordability that might be issued after the end of the comment period as well as related comments.
- DOE indicated that indoor air quality would be addressed in more detail in the environmental impact statement.
- ACEEE expressed concern that the proposed Tier 1 would not help low-income residents, that there may be cheaper savings not included in the draft standard, and that some costs may be overestimated in the analysis
