## Notice of Availability

### PROPOSED DEMOLITION OF THE BUILDINGS AT THE PIQUA, OHIO, DECOMMISSIONED REACTOR SITE

The U.S. Department of Energy (DOE) Office of Legacy Management (LM) has issued a final Environmental Assessment (EA) (DOE/EA-2107) and Finding of No Significant Impact (FONSI) to demolish the buildings and maintain protectiveness of the entombed low-level radiological waste materials at the Piqua, Ohio, Decommissioned Reactor Site in Miami County. A 30-day public comment period for the draft EA concluded on September 19, 2021. The final EA and FONSI are available on the DOE website at <https://energy.gov/nepa/doeea-2107-proposed-demolition-buildings-piqua-ohio-decommissioned-reactor-site-miami-county> and on the LM website at [www.energy.gov/lm/piqua-demolition-environmental-assessment](http://www.energy.gov/lm/piqua-demolition-environmental-assessment).
