Dear DOE/FE:

Thank you for the opportunity to discuss with you this morning the Application of Nopetro LNG, LLC ("Nopetro") for Long-Term and Short-Term, Multi-Contract Authorizations to Export Liquefied Natural Gas to Free Trade Agreement and Non-Free Trade Agreement Nations, filed on December 28, 2020.

We wish to clarify that with respect to Nopetro's statement on page 3 of the application that it "may also purchase LNG sourced from coastal facilities and load the LNG directly onto shipping vessels," Nopetro's intent at this time is to transport all LNG for export in ISO containers and not to load LNG directly into a bulk-carrier LNG tanker. If Nopetro decides in the future to engage in the latter operations (i.e., loading LNG directly into an LNG tanker), Nopetro will request an amendment to its authorizations to include such authority.

Please let me know if you have any questions or need any additional information. Thank you for your kind consideration.

Best regards.
