ORDER VACATING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FECM ORDER NO. 4673-A

JANUARY 28, 2022

On March 5, 2021, in DOE/FE Order No. 4673, the Office of Fossil Energy and Carbon Management (FECM)¹ of the Department of Energy (DOE) granted blanket authorization to Northland Power Energy Marketing (US) Inc. (Northland Power Energy Marketing) to import and export a combined total of 15 billion cubic feet (Bcf) of natural gas from and to Canada by pipeline. This blanket authorization is effective for a two-year term beginning on May 1, 2021, and extending through April 30, 2023.

On January 11, 2022, Northland Power Energy Marketing notified DOE that this authorization is not needed. Northland Power Energy Marketing therefore requests that DOE vacate Order No. 4673, effective January 14, 2022.² DOE finds good cause to do so.

Accordingly, pursuant to section 3 of the Natural Gas Act, Northland Power Energy Marketing's blanket authorization to import and export a combined total of 15 Bcf of natural gas from and to Canada, granted in DOE/FE Order No. 4673 on March 5, 2021, is hereby vacated, effective January 14, 2022.

Issued in Washington, D.C., on January 28, 2022.

Amy R. Sweeney
Director, Office of Regulation, Analysis, and Engagement
Office of Resource Sustainability

¹ The Office of Fossil Energy changed its name to the Office of Fossil Energy and Carbon Management on July 4, 2021.

² See Email from Mike Zajmalowski, Director – Market Operations, Regulatory & Compliance, Asset Management, Northland Power Inc., to DOE (Jan. 11, 2022).
