OE Docket No. EA-249-D

Amendment to
Order Authorizing Electricity Exports to Canada

Order No. EA-249-D

February 10, 2022

Constellation Energy Generation, LLC
Order No. EA-249-D
Authorizing Electricity Exports to Canada

I. BACKGROUND

The Department of Energy (the Department or DOE) regulates electricity exports from the United States to foreign countries in accordance with the Federal Power Act (FPA) § 202(e) (16 U.S.C. § 824a(e)) and regulations thereunder (10 C.F.R. §§ 205.300 *et seq.*). This authority was transferred to DOE under §§ 301(b) and 402(f) of the DOE Organization Act (42 U.S.C. §§ 7151(b), 7172(f)).

On August 5, 2014, DOE issued Order No. EA-249-C to Exelon Generation Company, LLC authorizing electricity exports to Canada for a ten-year period. That Order will expire on August 5, 2024.

On January 21, 2022, DOE was notified that, effective February 1, 2022, Exelon Generation Company, LLC, would be changing its legal name to Constellation Energy Generation, LLC, and requested that it be authorized to export under its new name.

II. FINDINGS AND DECISION

DOE finds that the action requested by the renamed entity Constellation Energy Generation, LLC would have no effect on DOE's sufficiency of supply and electric reliability determinations contained in Docket No. EA-249-C.

Similarly, DOE finds that it has adequately satisfied its responsibility under the National Environment Policy Act of 1969, as amended, through the documentation of a categorical exclusion in Docket No. EA-249-C.

ORDER

Accordingly, pursuant to FPA § 202(e) and the Rules and Regulations issued thereunder (10 C.F.R. §§ 205.300-309), the electricity export authorization issued to Exelon Generation Company, LLC. on August 5, 2014, in Order No. EA-249-C, is hereby amended by changing the name of the authorized exporter to Constellation Energy Generation, LLC.

All other terms and conditions of Order No. EA-249-D remain unchanged.

Signed in Washington, D.C., on February 10, 2022.
