*Abstract:* Section 487(c) of the Higher Education Act (HEA) of 1965, as amended, requires that the Secretary of Education prescribe regulations to ensure that any funds postsecondary institutions receive under the HEA are used solely for the purposes specified in and in accordance with the provision of the applicable programs. The concept of this federal gatekeeping has a long history, originating in 1952. Part H, Subpart 3, Section 498 of the HEA of 1965, as amended, gives the Secretary the responsibility for determining qualifications of institutions of higher education to participate in programs under the HEA. To comply with this requirement Section 498(b) of the HEA specified that the Secretary prepare and prescribe a single application form. The Department of Education (the Department) developed the Application for Approval to Participate in the Federal Student Financial Aid Programs to comply with the statutory requirements of collecting necessary information under the HEA. An institution must use this Application to apply for approval to be determined to be eligible and if the institution wishes, to participate; to expand its eligibility; or to continue to participate in the Title IV programs. An institution must also use the Application to report certain required data as part of its recordkeeping requirements contained in the regulations under 34 CFR part 600 (Institutional Eligibility under the Higher Education Act of 1965, as amended). The Department uses the information reported on the Application in its determination of whether an institution meets the statutory and regulatory requirements. This request is for a revision of the current information collection. The Department is transitioning the current Application to an electronic webform housed within the FSA Partner Connect system ([fsapartners.ed.gov](http://fsapartners.ed.gov)).

On March 22, 2022, MAG filed an application with DOE (Application or App.) for “authorization for renewal of authority to transmit electric energy from the United States to Mexico for a period of five (5) years.” App. at 1.
