Semi-Annual Report

Dear Ms. Wood,

On January 25, 2019, in DOE/FE Order No. 4317, the U.S. Department of Energy, Office of Fossil Energy and Carbon Management (“DOE/FE”), granted to Energía Costa Azul, S. de R.L. de C.V. (“Energía Costa Azul”) a long-term, multi-contract authorization to export natural gas to Mexico and to re-export liquefied natural gas (“LNG”) from its proposed ECA Mid-Scale Project to nations that have free trade agreements with the United States requiring national treatment in the trade of natural gas (“FTA countries”). On March 29, 2019, in DOE/FE Order No. 4364, the DOE/FE granted to Energía Costa Azul a long-term, multi-contract authorization to export natural gas to Mexico and to re-export LNG from the ECA Mid-Scale Project to Non-FTA countries. On October 7, 2019, in DOE/FE Order Nos. 4317-A and 4364-A, the DOE/FE approved the transfer of the authorizations granted in DOE/FE Order Nos. 4317 and 4364 from Energía Costa Azul to its affiliate, ECA Liquefaction, S. de R.L. de C.V. (“ECA Liquefaction”). On December 10, 2020, in DOE/FE Order Nos. 4317-B and 4364-B, the DOE/FE extended natural gas export authorizations to Non-free Trade Agreement Countries through the year 2050. One of the conditions of the DOE/FE’s authorizations, as transferred to ECA Liquefaction, is that ECA Liquefaction file semi-annual written reports (on or before April 1 and October 1 of each year) describing the progress of the planned ECA Mid-Scale Project. ECA Liquefaction hereby submits the semi-annual report covering the period October 1, 2021, through March 31, 2022.

ECA Liquefaction remains in compliance with all federal, state, and local Mexican authorizations necessary to construct and operate the liquefaction terminal facilities for the ECA Mid-Scale Project.

ECA Liquefaction, S. de R.L. de C.V.
Semi-Annual Report
FE Docket No. 18-144-LNG

There are no changes to the executed LNG sale and purchase agreements with Total Gas & Power, Asia Private Limited and Mitsui & Co., Ltd., which have been filed with the DOE/FE, ECA Liquefaction took a final investment (FID) decision in November 2020.

The ECA Mid-Scale Project construction remains on schedule. During the reporting period, engineering and procurement activities continued to support construction, primarily focused on site preparation and mobilization of the vertical construction subcontractors that will start in the next reporting period.

Please contact me with any questions regarding this filing.

Respectfully submitted,

/s/ Jerrod L. Harrison
