DEPARTMENT OF EDUCATION

Applications for New Awards; Expanding Opportunity Through Quality Charter Schools Program (CSP)—Grants to Charter School Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-Quality Charter Schools (Developer Grants); Corrections

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice; corrections.

SUMMARY: On July 6, 2022, the Department of Education (Department) published in the **Federal Register** a notice inviting applications (NIA) for the fiscal year (FY) 2022 Developer Grants competition, Assistance Listing

Numbers (ALNs) 84.282B and 84.282E. This notice corrects two errors in that NIA. All other information in the NIA remains the same. To be eligible to apply for a Developer Grant, a charter school may not be located in a State in which a State entity currently has an approved CSP State Entity grant (ALN 84.282A) under section 4303 of the Elementary and Secondary Act of 1965 (ESEA). Footnote 3 of the NIA provides a list of States with active SE grants. In this list Mississippi should not have been included and South Carolina should have been included.

DATES: These corrections are applicable July 27, 2022.

FOR FURTHER INFORMATION CONTACT: Porscheoy Brice, U.S. Department of Education, 400 Maryland Avenue SW, Room 3E209, Washington, DC 20202-5970. Telephone: (202) 987-1769. Email: DeveloperCompetition2022@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: We are correcting the July 6, 2022, NIA to remove Mississippi from and add South Carolina to the list of States from which we will not consider applications under either ALNs 84.282B or 84.282E because these States have a State entity that currently has an approved CSP State Entity grant application under section 4303 of the ESEA and that is actively running subgrant competitions.

Corrections

In FR Doc. No. 2022-14448, in the **Federal Register** published on July 6, 2022 (87 FR 40218), we make the following corrections:

On Page 40225, in Footnote 3, in the second column, under the heading *III. Eligibility Information*, revise the footnote to read as follows:

“States in which a State entity currently has an approved CSP State Entity grant application under section 4303 of the ESEA that is actively running subgrant competitions are Alabama, Arizona, Arkansas, California, Colorado, Delaware, District of Columbia, Florida, Idaho, Indiana, Maryland, Michigan, Minnesota, Nevada, New Hampshire, New Mexico, New Jersey, New York, North Carolina, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Texas, Washington, and Wisconsin. We will not consider applications from applicants in these States under either Assistance Listing Numbers 84.282B or 84.282E.”

Program Authority: Title IV, part C of the ESEA, as amended.

Accessible Format: On request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this notice, the NIA, and a copy of the application in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc, or other accessible format.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at: www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

DEPARTMENT OF ENERGY

[Docket Nos. 11-59-LNG and 16-110-LNG]

Lake Charles Exports, LLC; Application To Amend Existing Long-Term Authorizations To Export Liquefied Natural Gas to Non-Free Trade Agreement Countries

AGENCY: Office of Fossil Energy and Carbon Management, Department of Energy.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy and Carbon Management (FECM) (formerly the Office of Fossil Energy) of the Department of Energy (DOE) gives notice (Notice) of receipt of an application (Application), filed on June 21, 2022, by Lake Charles Exports, LLC (LCE). LCE requests to amend its existing authorizations to export domestically produced liquefied natural

gas (LNG) to non-free trade agreement countries set forth in DOE/FE Order Nos. 3324–A and 4011 (both as amended). Specifically, LCE seeks to amend the commencement of operations deadline in each order. LCE filed the Application under the Natural Gas Act (NGA). Protests, motions to intervene, notices of intervention, and written comments are invited.

DATES: Protests, motions to intervene, or notices of intervention, as applicable, and written comments are to be filed electronically as detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, August 11, 2022.

ADDRESSES:

Electronic Filing by email: fergas@hq.doe.gov.

Although DOE has routinely accepted public comment submissions through a variety of mechanisms, including postal mail and hand delivery/courier, DOE has found it necessary to make temporary modifications to the comment submission process in light of the ongoing Covid-19 pandemic. DOE is currently accepting only electronic submissions at this time. If a commenter finds that this change poses an undue hardship, please contact Office of Resource Sustainability staff at (202) 586–4749 or (202) 586–7893 to discuss the need for alternative arrangements. Once the Covid-19 pandemic health emergency is resolved, DOE anticipates resuming all of its regular options for public comment submission, including postal mail and hand delivery/courier.

SUPPLEMENTARY INFORMATION: LCE is authorized to export domestically produced LNG by vessel from the Lake Charles Terminal, located in Lake Charles, Louisiana, to any country with

which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries), pursuant to NGA Section 3(a),¹ under the following orders and their amendments:

- DOE/FE Order No. 3324–A (Docket No. 11–59–LNG), in a volume equivalent to 730 billion cubic per year (Bcf/yr) of natural gas;² and

- DOE/FE Order No. 4011 (Docket No. 16–110–LNG), in a volume equivalent to 121 Bcf/yr of natural gas.³

In the Application,⁴ LCE seeks to amend the existing commencement of operations deadline in both orders as follows:

- In DOE/FE Order No. 3324–A, to extend the commencement deadline from December 16, 2025 to December 16, 2028; and

- In DOE/FE Order No. 4011 to extend the commencement deadline from December 16, 2025 to December 16, 2028.

In support of this Application, LCE states that, on May 6, 2022, the Federal Energy Regulatory Commission (FERC) issued an order granting LCE's request for an extension of time until December 16, 2028, to construct the Lake Charles Terminal liquefaction facilities and make it available for service (FERC 2022

The portion of this order authorizing LCE to export LNG to FTA countries is not subject to this Notice. See 15 U.S.C. 717b(c).

⁴ *Lake Charles Exports, LLC*, Application to Amend Existing Long-Term Authorizations to Export Liquefied Natural Gas to Non-Free Trade Agreement Countries, Docket Nos. 11–59–LNG and 16–110–LNG (June 21, 2022), <https://www.energy.gov/sites/default/files/2022-06/LCE%20Amendment%20Application%20Re%20Commencement%20Date.pdf>. The Application also applies to LCE's existing FTA orders in Docket Nos. 11–59–LNG and 16–110–LNG, but DOE will address the FTA portions of the Application separately pursuant to NGA section 3(c), 15 U.S.C. 717b(c).

Extension Order).⁵ LCE requests that DOE amend Order Nos. 3324–A and 4011 so that LCE must commence export operations using the planned liquefaction facilities no later than December 16, 2028—to align with the FERC 2022 Extension Order. LCE also identifies the actions it has taken to date to proceed with the construction and operation of the Lake Charles Terminal liquefaction facilities. Additional details can be found in the Application, posted on the DOE website at: www.energy.gov/sites/default/files/2022-06/LCE%20Amendment%20Application%20Re%20Commencement%20Date.pdf.

DOE Evaluation

In reviewing LCE's Application, DOE will consider any issues required by law or policy under NGA section 3(a). To the extent appropriate, DOE will consider the study entitled, *Macroeconomic Outcomes of Market Determined Levels of U.S. LNG Exports* (2018 LNG Export Study),⁶ DOE's response to public comments received on that Study,⁷ and the following environmental documents:

- *Addendum to Environmental Review Documents Concerning Exports of Natural Gas From the United States*, 79 FR 48132 (Aug. 15, 2014);⁸

Parties that may oppose the Application should address these issues and documents in their comments and/or protests, as well as other issues deemed relevant to the Application.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable, addressing the Application. Interested parties will be provided 15 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention. The public previously was given an opportunity to intervene in, protest, and comment on LCE's long-term non-FTA applications. Therefore, DOE will not consider comments or protests that do not bear directly on the Application.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590, including the service requirements.

As noted, DOE is only accepting electronic submissions at this time. Please email the filing to fergas.hq.doe.gov. All filings must include a reference to "Docket Nos. 11-59-LNG and 16-110-LNG" or "Lake Charles Exports, LLC Commencement Amendment" in the title line.

PLEASE NOTE: Please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a

digital copy on disk of the entire submission.

The Application and any filed protests, motions to intervene, notices of interventions, and comments will also be available electronically by going to the following DOE Web address: www.energy.gov/fecm/regulation.

A decisional record on the Application will be developed through responses to this Notice by parties, including the parties' written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this Notice, in accordance with 10 CFR 590.316.

Signed in Washington, DC, on July 21, 2022.

Amy Sweeney,

Director, Office of Regulation, Analysis, and Engagement, Office of Resource Sustainability.
