Alaska LNG Project LLC, Docket No. 14-96-LNG

Cook Inletkeeper and the Center for Biological Diversity (collectively, the Movants) sent a Motion to Intervene (Motion) in the above-captioned proceeding to the Department of Energy's (DOE) Office of Fossil Energy and Carbon Management (FECM) via the United States Postal Service (USPS) priority mail.

For reasons beyond the Movants' control, FECM did not receive the Motion through DOE's normal mail processes, nor did FECM learn of the Motion until Alaska Gasline Development Corporation (an intervenor in the proceeding) submitted an Answer in Opposition to the Motion on August 30, 2022.

Upon further inquiry, FECM learned that the Movants postmarked the Motion at 4:25 p.m. local time in Juneau, Alaska, on August 15, 2022. The USPS delivered the Motion to DOE at 10:53 a.m. local time on August 19, 2022.

In light of the circumstances, DOE asked the Movants to resubmit the Motion electronically to the email address FERGAS@hq.doe.gov, which they did on September 26, 2022. FECM is now posting the Motion in the docket with the date stamp of August 19, 2022 (the date the Motion was physically delivered to DOE), together with the supporting correspondence between FECM and the Movants.

Good morning,

Thank you for your response and explanation on how the Motion to Intervene on the Alaska LNG Project LLC, Docket No. 14-96-LNG, was submitted. FECM has not received the Motion through DOE's normal mail process, and therefore is requesting that you resubmit the Motion to Intervene and the postage receipt to our official email address, FERGAS@hq.doe.gov. We understand that this issue was beyond your control, so once we receive the Motion to Intervene through the official email address we will post it to the docket with the date stamp of August 19, 2022 (the date the Motion was physically delivered to DOE). For transparency, we will also include a cover statement in the docket posting explaining what happened.

Please let me know if you have any questions.

Thank you,
Jennifer

Subject: FW: Motion for Intervention from Cook Inletkeeper and Center for Biological Diversity

Good morning,

On August 30, the Office of Fossil Energy and Carbon Management (FECM) received an Answer of Alaska Gasline Development Corporation in Opposition to Motion for Late Intervention for Cook Inletkeeper and Center for Biological Diversity. FECM, however, does not have record on receiving a Motion for Intervention from Cook Inletkeeper and Center for Biological Diversity. Can you please advise and confirm when and how the motion was submitted?

Regards,
Jennifer
