Under Part B, compensation of \$50,000 and payment of medical expenses from the date a claim is filed is available to uranium workers (or their survivors) previously awarded benefits by the Department of Justice under Section 5 of the Radiation Exposure Compensation Act (RECA).

Part E of the EEOICPA provides federal compensation and medical benefits to DOE contractor and subcontractor employees who worked at covered facilities and developed an illness as a result of exposure to toxic substances. Under Part E, monetary compensation of up to \$250,000 per employee may be available for the employee's whole-body impairment and/or wage loss due to an accepted condition.

Under the EEOICPA, if the employee is no longer living, survivors of qualified workers may also be entitled to benefits.
