DOCKET NO. 23-4-LNG

ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT LIQUEFIED NATURAL GAS FROM VARIOUS INTERNATIONAL SOURCES BY VESSEL

DOE/FECM ORDER NO. 4954

JANUARY 26, 2023

I. **DESCRIPTION OF REQUEST**

On January 11, 2023, Gulf LNG Energy, LLC (Gulf LNG Energy) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on April 26, 2023.² Gulf LNG Energy is a Delaware limited liability company with its principal place of business in Birmingham, Alabama.

1. Import liquefied natural gas (LNG) from various international sources by vessel, up to a total volume equivalent to 985.4 billion cubic feet (Bcf) of natural gas, at any LNG import terminal in the United States and its territories

II. **FINDING**

DOE has evaluated the application to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including LNG, from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.³ DOE must grant such applications without modification or delay.⁴ The authorization sought by Gulf LNG Energy meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

1. Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM in Redelelegation Order No. S4-DEL-FE1-2022, issued on June 13, 2022. On July 4, 2021, the Office of Fossil Energy changed its name to the Office of Fossil Energy and Carbon Management.

2. Gulf LNG Energy's blanket authorization, granted in DOE/FE Order No. 4672, extends through April 25, 2023.

3. 15 U.S.C. § 717b(c).
