DOCKET NO. 22-150-NG

ORDER GRANTING BLANKET AUTHORIZATION  
TO IMPORT NATURAL GAS FROM CANADA

DOE/FECM ORDER NO. 4956

FEBRUARY 16, 2023

## I. DESCRIPTION OF REQUEST

On November 22, 2022, Spark Energy Gas, LLC (Spark Energy Gas) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on February 16, 2023. Spark Energy Gas is a Texas limited liability company with its principal place of business in Houston, Texas.

1. Import up to 2 billion cubic feet (Bcf) of natural gas from Canada by pipeline at any point on the border between the United States and Canada

## II. FINDING

DOE has evaluated the application to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including liquefied natural gas (LNG), from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.<sup>2</sup> DOE must grant such applications without modification or delay.<sup>3</sup> The authorization sought by Spark Energy Gas meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.
