

# Are you seeking to hire staff in radioactive material management, remediation, and associated fields?

WM Symposia, in collaboration with US DOE and Industry, is holding a Job Fair on Tuesday, February 28 and Wednesday, March 1, 2023.

Job Fair activities will be held at the Phoenix Convention Center located in Phoenix, Arizona, USA. This event will include both LIVE and VIRTUAL features.

## Candidates are being sought to fill positions in the following disciplines:

Aerospace, Biotechnology, Chemical, Civil, Electrical and Mechanical Engineering, Communications, Construction, Consulting, Education, Electronics, Energy, Green Technology, Information Technology, Journalism & News, Law, Manufacturing, Medical Devices & Supplies, Nuclear Engineering, Public Administration, Public Relations, Publishing, Technology, Telecommunications, Transportation, Utilities

## WHY ATTEND THE WMS / DOE JOB FAIR?

Save time!

Whether you have a position open or not, it's always smart to be on the lookout for top talent

- Brand awareness ● Better candidates ● Face-to-face interaction
- Network ● The unexpected candidate ● Make an early connection

If your organization is looking to participate as a hiring employer in this event in person, there is a \$250 employer fee, which includes a 4' draped table, 2 chairs (one for you and one for the candidate), a sign with your company name, a wastebasket, and a virtual booth in the vFairs.

You may participate in vFairs (virtual only) at no cost; however, you must register to participate. A link to connect to vFairs will be sent to you on Monday, 2/27/23.
