**Re: Nopetro LNG, LLC, FE Docket No. 20-167-LNG**

Dear Mss. Sweeney, Wade and Ulrey:

On March 15, 2023 Nopetro LNG, LLC ("Nopetro") filed with the Office of Fossil Energy and Carbon Management in FE Docket No. 20-167-LNG an Application to Amend Long-Term Authorization for Small-Scale LNG Exports ("Application") seeking to extend the time period for Nopetro to commence small-scale LNG exports to non-FTA countries under DOE/FE Order No. 4671. Nopetro hereby withdraws the Application.

Nopetro understands that notwithstanding the lapse of its small-scale LNG export authority to non-FTA countries on March 23, 2023 due to the requirement to commence such exports within two years of the March 23, 2021 issue date of DOE/FE Order No. 4671, its authority under Order No. 4671 to make LNG exports to FTA countries remains valid, pursuant to the terms and conditions of the Order.

Respectfully submitted,

*Carol Gosain*
