

**BEFORE THE
U.S. DEPARTMENT OF ENERGY
Washington, D.C. 20585**

In the Matter of:

GP Enterprises Co., Ltd
(dedicated-purpose pool pumps)

Case Number: 2023-CE-59001

ORDER

For the U.S. Department of Energy (“DOE”):

1. On November 23, 2022, under the above-listed case number, DOE initiated a case against GP Enterprises Co., Ltd (“Respondent”) to pursue a civil penalty for knowingly distributing in commerce in the United States dedicated-purpose pool pump basic models without submitting to DOE a certification report certifying that those basic models complied with the applicable energy conservation standards.
2. Dedicated-purpose pool pumps are types of pumps as defined in 10 C.F.R. § 431.462 and are covered equipment subject to federal energy conservation standards set forth at 10 C.F.R. § 431.465.
3. Pursuant to 10 C.F.R. § 429.12, manufacturers are required to submit to DOE a certification report certifying that each basic model meets the applicable energy conservation standard, before distributing each basic model in commerce in the United States and annually thereafter.
4. Failure to submit a certification report for covered equipment in accordance with 10 C.F.R. § 429.12 is a prohibited act pursuant to 10 C.F.R. § 429.102(a)(1) and subject to civil penalties as described in 10 C.F.R. § 429.120.
5. Pursuant to 10 C.F.R. § 429.120, each day that a manufacturer fails to submit a certification report for a basic model is a separate violation.
6. Respondent admitted the following:
 - a. Respondent has manufactured¹ self-priming pool filter pumps, a type of dedicated-purpose pool pump, including basic models PCP10001-VSP, PCP15001-VSP, SPP10002-2SP, and SPP15002-2SP (“the basic models”).

¹ “Manufacture” means to manufacture, produce, assemble, or import. 42 U.S.C. § 6291(10).

- b. Respondent has distributed in commerce² in the United States for at least 365 days, and continues to distribute, the basic models.
 - c. Respondent knowingly failed to submit a certification report for the basic models before distributing those models in commerce in the United States, and annually thereafter, in violation of 10 C.F.R. § 429.12.
7. Based on the information above, I find that Respondent knowingly committed Prohibited Acts by manufacturing and distributing in commerce basic models of covered equipment without submitting to DOE a certification report certifying that those basic models complied with the applicable energy conservation standards. *See* 42 U.S.C. § 6302; 10 C.F.R. §§ 429.102(a)(1).
8. Accordingly, pursuant to 10 C.F.R. § 429.120 and 42 U.S.C. §§ 6303 and 6316, I **HEREBY ASSESS** a civil penalty of \$20,000 **AND ORDER** that the Settlement Agreement attached to this Order is adopted.
