Good Afternoon Tyson:

We greatly apologize and thank you for bringing this to our attention. It appears that Public Citizen was not added to the service list for Magnolia. This was an inadvertent error on DOE's part. We have updated the service list. We will send an email to the service list notifying the parties of this addition, and we will put a copy of this email exchange in the docket.

We apologize again for this oversight.

Subject: [EXTERNAL] no one is serving Public Citizen in Magnolia LNG Docket 13-132-LNG

Hello,

Public Citizen has not received a single filing from Magnolia LNG, or from the Department of Energy, since our motion to intervene on May 4. Magnolia LNG never served us their May 18 opposition to our intervention, and we have not received any service by DOE, including the June 20 notification of Magnolia's supplement. We have checked spam filters, and nothing has been trapped in spam. Parties are simply not including Public Citizen on any service list in this docket.
