

ANRAV and other CCUS initiatives of Heidelberg Materials in Eastern Europe

Warsaw | CCU/S | Jan Theulen

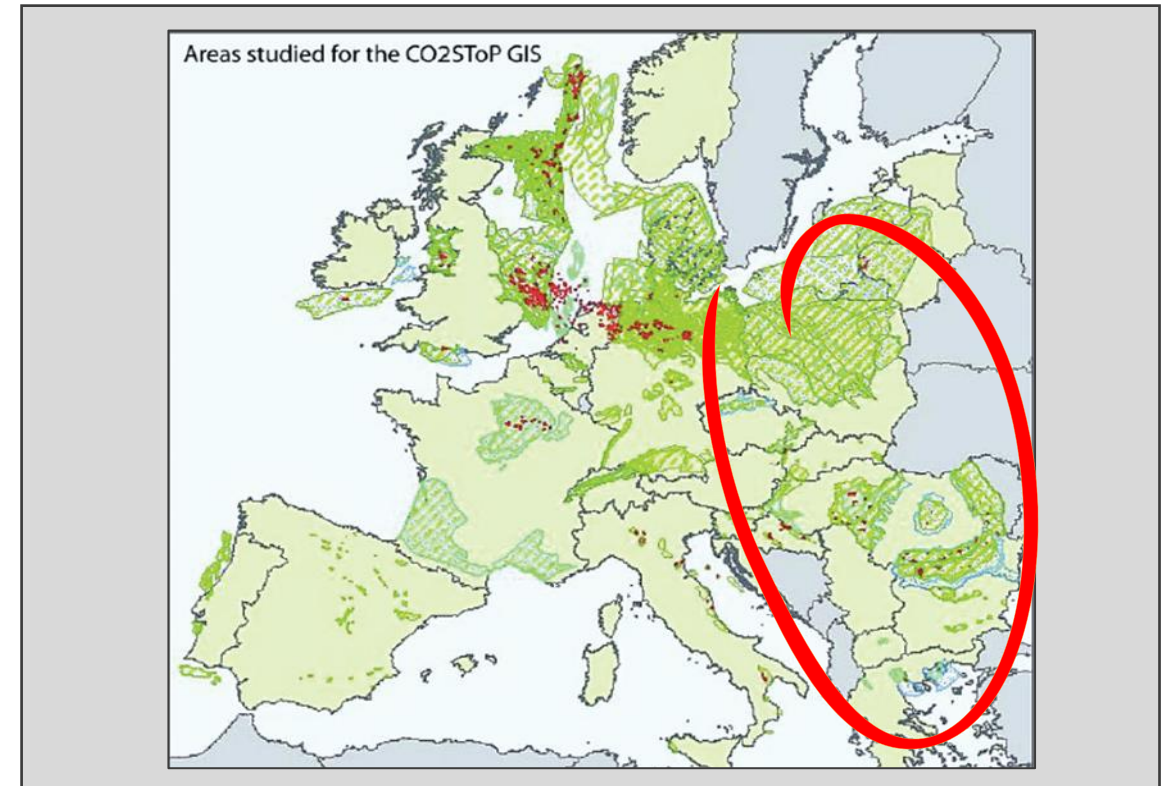

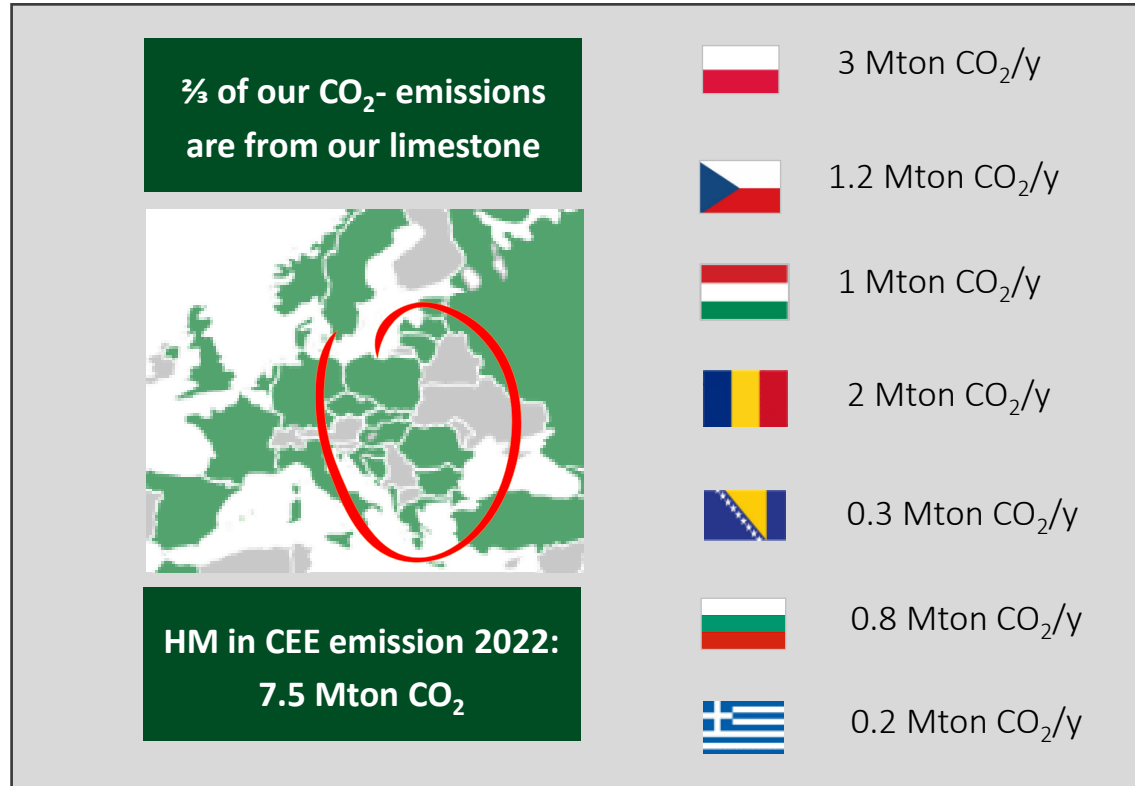

10.07.2023

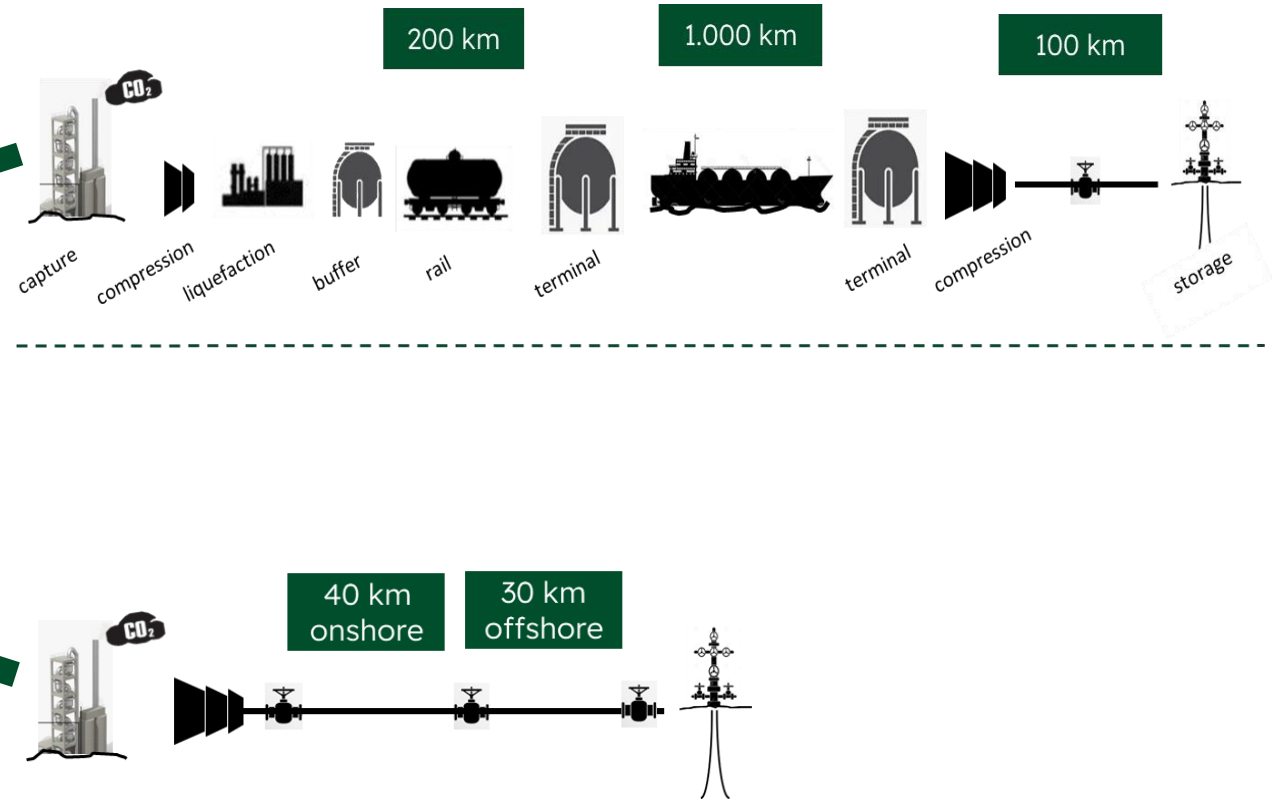

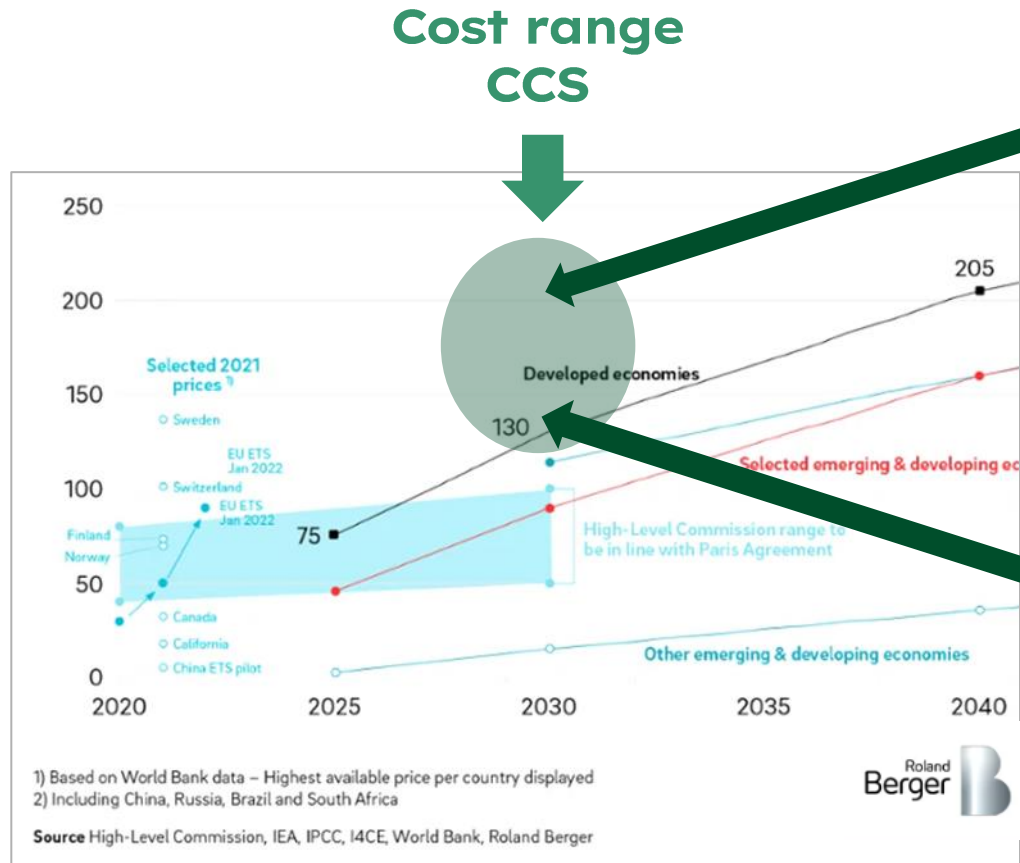

We target to cumulatively capture 10 Mt CO₂ by 2030 !

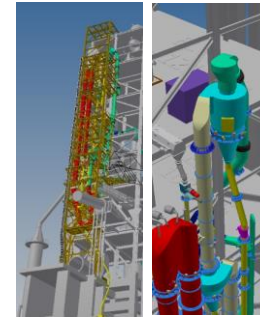

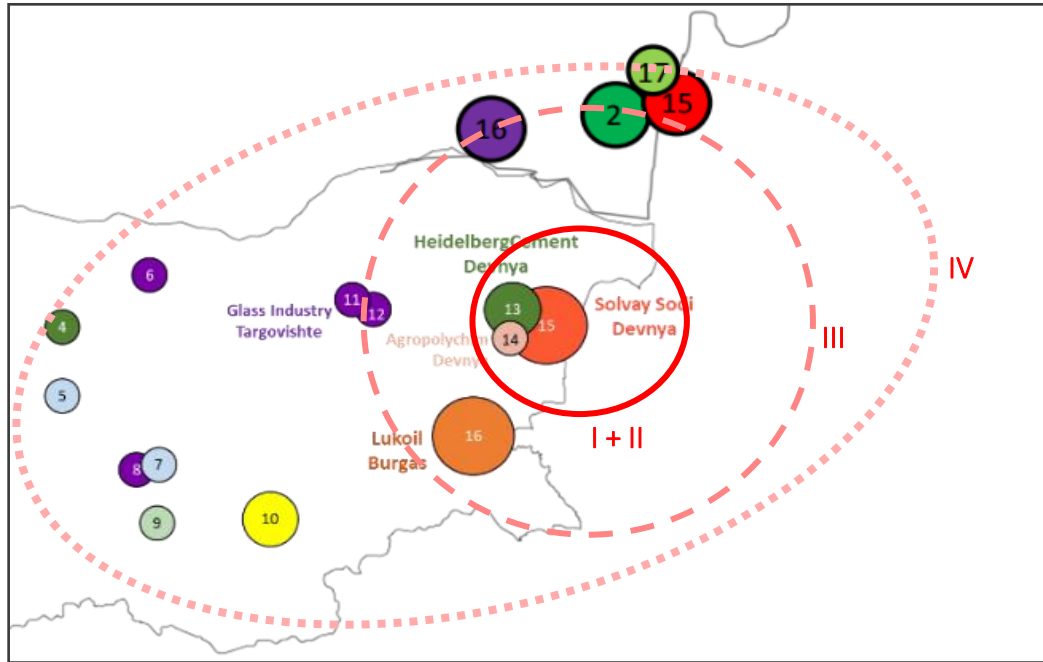

CCUS is an important and required lever to become carbon neutral by 2050 !

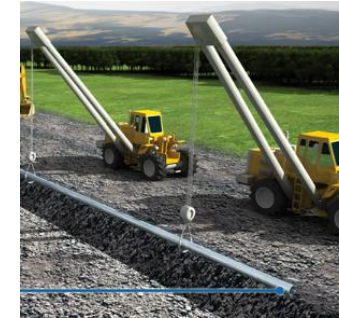

A short CCS value-chain will accelerate the deployment of CCS

Varna industrial region and Galata depleted gas-field fit well

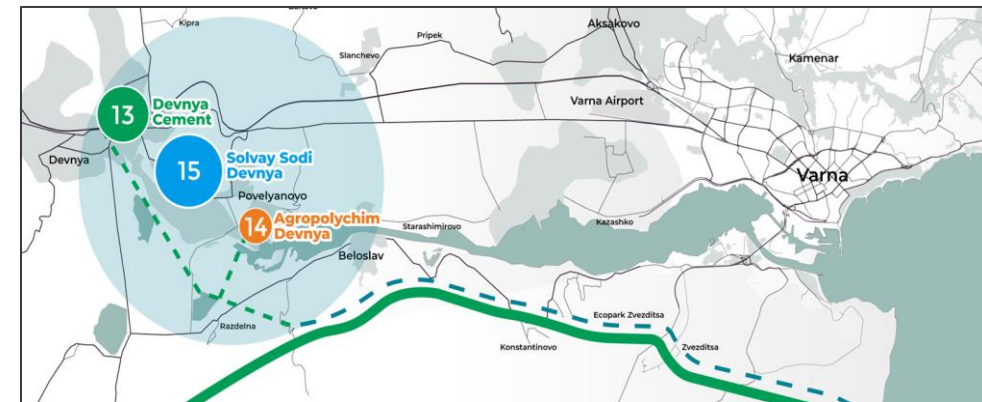

Capture
