**Subject:** [EXTERNAL] RE: Lake Charles Exports, LLC - Application for Long-Term Authorization to Export Liquefied Natural Gas to Non-Free Trade Agreement Countries and Request for Expedited Consideration

Amy – Good afternoon. Pursuant to our discussions, please see the below. Thank you for your assistance on our application.

1. On page 17 of the August 18, 2023 LCE application it refers to “the 256-acre LNG export terminal parcel.” The LNG export terminal parcel is actually 286 acres as noted on page 7 of the application and as reflected on the Confidential Exhibits. The reference on page 17 to 256-acres was a scrivener error and should have stated “the 286-acre LNG export terminal parcel.”
2. In footnote 3 and page 29 of the August 18, 2023 LCE application, LCE noted that “upon DOE/FECM issuing an order approving this Application for LCE to export up to 851 Bcf/year of LNG to non-FTA countries, LCE will file to vacate its authorizations set out in DOE/FE Order Nos. 3324 and 4011.” LCE hereby amends such statements so that “upon DOE/FECM issuing an order approving this Application for LCE to export up to 851 Bcf/year of LNG to non-FTA countries, LCE requests a vacatur of its authorizations set out in DOE/FE Order Nos. 3324 and 4011.”
