Details

At approximately 1208 hours, I (b) (6) noticed a white fixed wing drone flying over at approximately 100 feet above building 271 heading west bound. The drone was only observed during flight and was never observed hovering. I called (b) (6) who was in the Sergeants Office to verify if he received a phone call for an authorized drone flyover. He said, "No, and he called (b) (6) to verify." (b) (6) verified that there were no Laboratory drone flyovers. At 1209 hours, I notified the Central Alarm Station (CAS) about the unauthorized flyover. The CAS made an announcement over the PFD radios. I drove down West Gate Drive to track the flyover and at approximately 1212 hours, (b) (6) (b) (6) reported the flyover with the drone heading north. I performed a perimeter check on Vasco and Patterson Pass Roads and found no operator. At approximately 1219 hours, I completed the perimeter sweep and returned back on-site. The incident was cleared at that time.

I contacted the Oakland Flight Standards District Office and was directed to call (b) (6) the FAA specialist at (b) (6) and received a voice mail. (b) (6) made the following notifications; (b) (6) (Counterintelligence Office). Regional Operations Emergency Response Plan, and (b) (6) The dispatcher said

there were no PG&E drones flying in the area. (b) (6) notified (b) (6) and
(b) (6)
