FECM Docket Nos. 11-115-LNG, 11-128-LNG, 22-22-LNG, and 22-155-LNG  
Notification of Change in Control

Dear Ms. Sweeney:

Pursuant to the authorizations to export and import natural gas issued by the Department of Energy, Office of Fossil Energy and Carbon Management (“DOE/FECM”) in the above-captioned proceedings and the “Procedures for Changes in Control Affecting Applications and Authorizations To Import or Export Natural Gas,”<sup>1</sup> Cove Point LNG, LP (“CPLNG”) provides notification of the closing of a transaction in which Eastern MLP Holding Company II, LLC (“Eastern MLP II”), a wholly owned subsidiary of Berkshire Hathaway Energy Company (“BHE”), an Iowa corporation and a subsidiary of Berkshire Hathaway Inc., a Delaware corporation, acquired from DECP Holdings, Inc. (“DECP Holdings”), an indirect wholly owned subsidiary of Dominion Energy, Inc. (“DEI”), a Virginia corporation, DEI’s indirectly owned fifty percent (50%) limited partnership interest in CPLNG. The transaction closed September 1, 2023. Following the transaction closing, BHE indirectly owns seventy-five percent (75%) of the limited partnership interest in CPLNG.

BHE filed notice of the proposed transaction (“Notice”) with the DOE/FECM July 11, 2023. The receipt of this Notice and an opportunity to comment was subsequently published in the Federal Register August 1, 2023.<sup>2</sup>

The CIC Procedures provide that, with respect to previously issued FTA long-term export authorizations and import authorizations, DOE will give immediate effect to a change in control upon receipt of the notification and take no further action. With respect to previously issued non-FTA long-term export authorizations, DOE similarly will give immediate effect to a change in control and then will publish notice of the change in the Federal Register, allowing fifteen days for interested persons to intervene, protest or answer the statement of change in

control. If no interested person protests the change in control and DOE/FECM takes no action of its own on the notification, authorization for the change in control is deemed granted thirty days after publication of the notice in the Federal Register.

No protests were filed and no action was taken by the DOE/FECM within thirty days after the August 1, 2023, publication of the public notice in the Federal Register. In the absence of any protest or action by DOE/FECM, the change of control is deemed granted pursuant to the CIC Procedures and no further action is needed by DOE/FECM for the parties to close the transaction. Accordingly, the parties closed the transaction September 1, 2023.

If you have any questions regarding this notification, please contact the undersigned counsel for CPLNG.

Respectfully submitted,

---
