

Soil Treatability Study

Energy Technology Engineering Center • U.S. Department of Energy

**Soil Treatability Investigation Group
January 31, 2012**

Logistics

The Soil Treatability Investigation Group will meet on Tuesday, January 31, 2012 from 1:00 – 4:30 p.m. The meeting will be held in the Community Room at Simi Valley Town Center, located at 1555 Simi Town Center Way, Simi Valley, CA. Those who wish to participate via Internet based conference call should connect with the meeting by calling in to 1-866-740-1260 and then using 5236668# when prompted for an access code. Those individuals will be able to see what local participants at the meeting can see by logging into <http://www.readytalk.com> (using participant access code of 5236668).

Participants

The following individuals have expressed interest in becoming members of the Soils Treatability Investigation Group: William Preston Bowling, Gloria Bowman, Rick Brandlin, Margery Brown, Andy Cano, Jackie Curry, John Detwiler, Diana Dixon-Davis, Sharon Lee Ford, Holly Huff, Barbara Johnson, David Karchem, Bonnie Klea, Dawn Kowalski, Betsey Landis, John Luker, Jenny Marek, Marie Mason, Jim McElvaney, Lissa Miller, Mark Osokow, Laura Rainey, Noa Rishe, Brian Rogers, Chris Rowe, Alan Salazar, Brian Sujata, Teena Takata, Barbara Tejada, Alec Uzemeck, Christina Walsh, Abraham Weitzberg, Jacquie Young, and Joanne Yvanek-Garb.

Observers/agency representatives could include: Jazmin Bell (US Department of Energy [DOE]), Stewart Black (State of California - Department of Toxic Substances Control [DTSC]), Peggy Bloisa (CDM), Rick Brausch (DTSC), Dave Dassler (Boeing), Randy Dean (CH2M Hill), Allen Elliott (NASA), Merrilee Fellows (NASA), Dixie Hambrick (MWH), Stephanie Jennings (DOE), Tricia Johnson (Sandia), John Jones (DOE), Debbie Kramer (Chenega), Yvette LaDuke (DTSC), Art Lenox (Boeing), Christi Leigh (Sandia) Bwalya Malama (Sandia), Mark Malinowski (DTSC), Lance Martin (DOE), Roger Paulson (DTSC), Laura Rainey (DTSC), Jim Romeo (NASA), Janis Trone (Sandia), Todd Wallbom (DTSC), John Wondolleck (CDM), and Pete Zorba (NASA).

Objectives

The January 31st meeting is designed to support discussion about the following topics:

- The experts who participated in the expert survey process
- The scenarios that were presented to the soil remediation experts
- The results of the expert survey process
- Next steps.

Agenda

The agenda for the January 31st meeting will be as follows:

Welcome and Introductions, Meeting Objectives, and Ground Rules <i>All/Wendy Green Lowe</i>	1:00 – 1:15 pm
Review and Approval of Group Memory from the November 15, 2012 meeting <i>All/Wendy Green Lowe</i>	1:15 – 1:30 pm
The Experts who Participated in the Expert <i>Survey Process</i> <i>Sandia National Laboratories present</i>	1:30 – 1:45 pm
The Scenarios that were Presented to the Experts and the Results of the Survey Process <i>Sandia National Laboratories present, all discuss</i>	1:45 – 3:15 pm
Break	3:15 – 3:30 pm
The Results of the Expert Survey Process (continued) <i>All discuss, including Dr. Chuck Newell</i>	3:30 – 4:30 pm
Next Steps and Meeting Evaluation <i>All/Wendy Green Lowe</i>	4:30 – 5:00 pm
