

AGENDA
Scoping Meeting
Environmental Impact Statement for Remediation of
Area IV of Santa Susana Field Laboratory
February 27 and March 1, 2014

OBJECTIVES

- Provide introductory information on the Environmental Impact Statement (EIS) process
- Gather input from stakeholders regarding the alternatives and issues to be addressed in the EIS
- Record verbal and written public comments

AGENDA

Item	Presenter and Organization
1. Open House	EIS Staff and Stakeholders
2. Meeting Process	Wendy Lowe, P2 Solutions
3. Welcome	John Jones, DOE
4. Overview of the EIS process and Introduction to Scoping	Stephie Jennings, DOE
5. Public Comment Period	Moderated by Wendy Lowe

Meetings will begin with an open house followed by a brief overview of the EIS process by DOE. Oral comments will be accepted by a court reporter during the open house portion of the meeting (for those who prefer not to deliver their comments in front of an audience). Following the open house portion of the meeting, representatives of the Department of Energy will provide a brief introduction to the EIS and invite public comments. Those who are interested in providing comments during the public comment portion of the meeting should sign up to do so at the registration table. They will be called on a first-come, first-served basis by the meeting moderator following the DOE project overview.

Written comments will be accepted at the meetings and throughout the scoping period, which ends March 10, 2014; however, the DOE will accept late scoping comments to the extent possible. Oral comments and written comments will be considered equally and included in the EIS Administrative Record.
