

Project Title: *Clean Energy Districts of Iowa:
Empowering Local Governments and Reducing Energy
Burdens in Eastern Iowa and Southwest Wisconsin*

Decorah, Iowa and the **Clean Energy Districts of Iowa** will provide vital technical assistance for local governments and schools across **eight counties** in Eastern Iowa and Southwest Wisconsin (including tribal lands). This will support in evaluation and planning. It will also fund solar and energy efficiency projects for municipal buildings and local households.

The initiative will accelerate the clean energy transition and reduce energy burden with a focus on serving low-income households **in twenty-six rural and Tribal communities**, reaching 180 low- income households.
