I	Use of Project Labor Agreements for Federal Construction Projects	2022-003

**Item I — Use of Project Labor Agreements for Federal Construction Projects
(FAR Case 2022-003)**

This final rule amends the FAR to implement Executive Order (E.O.) 14063, Use of Project Labor Agreements for Federal Construction Projects. E.O. 14063 expands the definition of “construction,” raises the threshold for a large-scale construction project from \$25 million to \$35 million and establishes a series of exceptions to the PLA requirements. Additionally, the E.O. mandates that Federal Government agencies require the use of project labor agreements (PLAs) for large-scale Federal construction projects, where the total estimated cost of the construction contract to the Government is \$35 million or more, unless an exception applies.
