ORDER VACATING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FECM ORDER NO. 4869-A

APRIL 2, 2024

On August 31, 2022, in DOE/FECM Order No. 4869, the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) granted blanket authorization to Atlantic Power Energy Services (US) LLC (Atlantic Power Energy Services (US)) to import and export a combined total of 132 billion cubic feet (Bcf) of natural gas from and to Canada by pipeline. This blanket authorization is effective for a two-year term beginning on September 18, 2022, and extending through September 17, 2024.

On March 1, 2024, Atlantic Power Energy Services (US) notified DOE that this authorization is no longer needed. Atlantic Power Energy Services (US) therefore requests that DOE vacate Order No. 4869, effective March 2, 2024.¹ DOE finds good cause to do so.

Accordingly, pursuant to section 3 of the Natural Gas Act, Atlantic Power Energy Services (US)' blanket authorization to import and export a combined total of 132 Bcf of natural gas from and to Canada, granted in DOE/FECM Order No. 4869 on August 31, 2022, is hereby vacated, effective March 2, 2024.

Issued in Washington, D.C., on April 2, 2024.

Amy R. Sweeney
Director, Office of Regulation, Analysis, and Engagement
Office of Resource Sustainability
