

**BEFORE THE
U.S. DEPARTMENT OF ENERGY
Washington, D.C. 20585**

In the Matter of:

Patterson Fan Company
(large-diameter ceiling fans)

Case Number: 2023-CE-32006

ORDER

For the U.S. Department of Energy (“DOE”):

1. On October 12, 2023, under the above-listed case number, DOE issued a Notice of Proposed Civil Penalty to Patterson Fan Company (“Respondent”) to pursue a civil penalty for knowingly distributing in commerce in the United States various basic models of large-diameter ceiling fans without submitting to DOE a report certifying that those basic models complied with the applicable energy conservation standards.
2. Large-diameter ceiling fans are covered products. 10 C.F.R. §§ 430.2, 430.32.
3. Pursuant to 10 C.F.R. § 429.12(a), manufacturers must submit to DOE a report certifying that each basic model meets the applicable energy conservation standard, before distributing each basic model in commerce in the United States and annually thereafter.
4. Failure to submit a certification report for covered products in accordance with 10 C.F.R. § 429.12 is a prohibited act pursuant to 10 C.F.R. § 429.102(a)(1) and subject to civil penalties as described in 10 C.F.R. § 429.120.
5. Pursuant to 10 C.F.R. § 429.120, each day that a manufacturer fails to submit a certification report for a basic model is a separate violation.
6. Respondent admitted the following:
 - a. Respondent has manufactured¹ ceiling fans, including basic models V-Series 8', V-Series 12', V-Series 16', V-Series 20', and V-Series 24' (“the basic models”):
 - b. For at least 365 days, Respondent has distributed in commerce² the basic models in the United States.

¹ “Manufacture” means to manufacture, produce, assemble, or import. 42 U.S.C. § 6291(10).

² “Distribute in Commerce” or “Distribution in Commerce” means to sell in commerce, to import, to introduce or deliver for introduction into commerce, or to hold for sale or distribution after introduction into commerce. 42 U.S.C. § 6291(16).

- c. Respondent knowingly failed to submit a certification report and compliance statement for the basic models before distributing those models in commerce in the United States and annually thereafter, in violation of 10 C.F.R. §§ 429.12 and 429.32.
7. Based on the information above, I find that Respondent knowingly committed Prohibited Acts by manufacturing and distributing in commerce basic models of covered products without submitting to DOE a certification report certifying that those basic models complied with the applicable energy conservation standards. *See* 42 U.S.C. §§ 6302, 6316; 10 C.F.R. § 429.102(a)(1).
8. Accordingly, pursuant to 10 C.F.R. § 429.120 and 42 U.S.C. §§ 6303 and 6316, I **HEREBY ASSESS** a civil penalty of \$20,000 **AND ORDER** that the Settlement Agreement attached to this Order is adopted.
