

U.S. Department of Energy | Employee Concerns Program (ECP)

The Department of Energy (DOE) encourages employees to raise concerns about policies and practices that adversely affect the Department's ability to accomplish its mission in a safe and efficient manner. Management at all levels values employee involvement and actively supports an atmosphere in which employees feel free to voice concerns.

ECP Hot line: 513-246-0024

The ECP is designed to:

Encourage open communication;

Inform employees of the proper forum for consideration of their concerns;

Ensure employees can raise issues without fearing reprisal;

Address employee concerns in a timely and objective manner, and

Provide employees an avenue for consideration of concerns that fall outside existing systems.

The Employee Concerns Program:

Has systems to ensure that concerns are appropriately, fairly, and fully considered.

Is an alternative reporting system. To carry out its mission, the DOE ECP works with all elements throughout the DOE complex to ensure that employees have and are aware of effective means to have their concerns fairly and fully considered.

Encourages employees to seek resolution through local complaint or dispute resolution systems, or with first line supervisors, but that alternatively they have the right to report Employee Concerns through the ECP.
