ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT LIQUEFIED NATURAL GAS
FROM AND TO CANADA AND MEXICO BY TRUCK

DOE/FECM ORDER NO. 5117

APRIL 30, 2024

I. **DESCRIPTION OF REQUEST**

On March 13, 2024, Sapphire Gas Solutions (Sapphire Gas Solutions) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on May 9, 2024.² Sapphire Gas Solutions is a Delaware limited liability company with its principal place of business in Conroe, Texas.

1. Import liquefied natural gas (LNG) from Canada by truck at any LNG receiving facility in the United States and its territories
2. Import LNG from Mexico by truck at any LNG receiving facility in the United States and its territories
3. Export LNG to Canada by truck from any LNG departure facility in the United States and its territories
4. Export LNG to Mexico by truck from any LNG departure facility in the United States and its territories

Import and export authority was requested for up to a combined total volume equivalent to 5 billion cubic feet (Bcf) of natural gas.

1. Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

2. Sapphire Gas Solutions's blanket authorization, granted in DOE/FECM Order No. 4816, extends through May 8, 2024.

II. **FINDING**

DOE has evaluated the application to determine if the proposed import and/or export arrangements meet the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including LNG, from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.³ DOE must grant such applications without modification or delay.⁴ The authorization sought by Sapphire Gas Solutions meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.
