ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA, AND
VACATING PRIOR BLANKET AUTHORIZATION

DOE/FECM ORDER NOS. 5144 AND 4910-A

JULY 15, 2024

I. DESCRIPTION OF REQUEST

On May 22, 2024, Enbridge Gas Inc. (Enbridge Gas) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export a combined total of 400 billion cubic feet (Bcf) of natural gas from and to Canada by pipeline. The applicant requests the authorization be granted for a two-year term that began on June 1, 2024.² Enbridge Gas is a Canada corporation with its principal place of business in North York, Ontario, Canada.

Previously, on October 31, 2022, DOE granted Enbridge Gas authorization in DOE/FECM Order No. 4910 to import and export up to a combined total volume equivalent to 216 Bcf of natural gas from and to Canada for a two-year term beginning on January 1, 2023, and extending through December 31, 2024.

On May 22, 2024, Enbridge Gas asked DOE to vacate its existing authorization in DOE/FECM Order No. 4910 effective June 1, 2024, “in order to seek a higher volume amount,” and concurrent with the issuance of the new authorization it has requested.³

¹ Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

² See Enbridge Gas Inc., Application for Blanket Authorization to Import and Export Natural Gas From and To Canada, Docket No. 24-45-NG (May 22, 2024) [hereinafter App.].

³ See Email from Sarah Skipper, Sr. Advisor, Gas Supply Reporting & Contracting, Enbridge Gas Inc., to DOE (May 22, 2024); see also App. at 2.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by Enbridge Gas to import and export natural gas from and to Canada, a nation with which a free trade agreement requiring national treatment for trade in natural gas is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of not greater than two years.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. Enbridge Gas is authorized to import and export 400 Bcf of natural gas from and to Canada, pursuant to transactions that have terms of not greater than two years. This authorization shall be effective for a two-year term that began on June 1, 2024, and extends through May 31, 2026.

B. This natural gas may be imported and exported by pipeline at any point on the border between the United States and Canada.

C. **Monthly Reports:** With respect to the natural gas imports and exports authorized by this Order, Enbridge Gas shall file with the Office of Regulation, Analysis, and Engagement, within 30 days following the last day of each calendar month, a report on Form FE-746R

indicating whether imports or exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports or exports have been made, a report of “no activity” for that month must be filed. If imports or exports of natural gas have occurred, the report must provide the information specified for each applicable activity and mode of transportation, as set forth in the Guidelines for Filing Monthly Reports. These Guidelines are available at <https://www.energy.gov/fecm/guidelines-filing-monthly-reports>.

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than July 30, 2024, and should cover the reporting period from June 1, 2024, through June 30, 2024.

E. Enbridge Gas’ blanket authorization to import and export natural gas from and to Canada, granted in DOE/FECM Order No. 4910 on October 31, 2022, is hereby vacated, effective June 1, 2024.

Issued in Washington, D.C., on July 15, 2024.
