ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT LIQUEFIED NATURAL GAS FROM CANADA BY TRUCK, AND
TO EXPORT LIQUEFIED NATURAL GAS TO CANADA BY TRUCK

DOE/FECM ORDER NO. 5151

AUGUST 16, 2024

I. DESCRIPTION OF REQUEST

On June 18, 2024, Lovat Gas Solutions Ltd. (Lovat Gas Solutions) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term that began on August 4, 2024.² Lovat Gas Solutions is a Canada corporation with its principal place of business in Calgary, Alberta, Canada.

1. Import liquefied natural gas (LNG) from Canada by truck at any LNG receiving facility in the United States and its territories
2. Export LNG to Canada by truck from any LNG departure facility in the United States and its territories

Import and export authority was requested for up to a combined total volume equivalent to 0.02 billion cubic feet (Bcf) of natural gas.

1. Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

2. Lovat Gas Solutions's blanket authorization, granted in DOE/FECM Order No. 4854, extended through August 3, 2024.

II. **FINDING**

DOE has evaluated the application to determine if the proposed import and/or export arrangements meet the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including LNG, from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.³ DOE must grant such applications without modification or delay.⁴ The authorization sought by Lovat Gas Solutions meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.
