

IQT's Mission:

To be the premier partner
trusted to identify, evaluate, and
leverage emerging commercial
technologies for the National
Security Community.

IQT's Convening Power

GOVERNMENTS

Partner with IQT because we identify companies to give them invaluable early access to cutting-edge startup technologies and deep insights into over-the-horizon innovations

INVESTORS

Partner with IQT because they value our impressive track record of finding impactful startups and our advice for working successfully with government

2

COMMERCIAL STARTUPS

Partner with IQT because we give them a pathway to engage effectively with the government and build significant businesses

IQT Investment Approach

— Co-invest with VCs

— Non-controlling investor

— Flexible model (work program, equity, debt, warrants)

— Board Observer/information rights

— Invest in U.S. and non-U.S. based companies
