)

ORDER

For the U.S. Department of Energy (“DOE”):

1. On April 30, 2024, under the above-listed case number, DOE issued a Notice of Proposed Civil Penalty to Norman Lamps, Inc. (“Respondent”) to pursue a civil penalty for knowingly distributing in commerce basic models of general service lamps (“GSLs”) that failed to meet the applicable energy conservation standard.
2. GSLs are covered products subject to a federal energy conservation standard. *See* 42 U.S.C. § 6295(a)(1), 6295(i)(6), 10 C.F.R. § 430.32(dd).
3. Effective July 25, 2022, the sale of any GSL that does not meet a minimum efficacy standard of 45 lumens per watt (“lm/W”) is prohibited. 10 C.F.R. § 430.32(dd).
4. Respondent admitted the following:
 - a. Respondent has manufactured¹ GSLs, including the following basic models: “PFA-90PAR38/HAL/FL30,” “60BT15/HAL/CL,” AND “PFA-60ETC” (the “subject models”).
 - b. The subject models do not comply with the minimum permissible rate of energy efficiency set forth in 10 C.F.R. § 430.32(dd).
 - c. Respondent knowingly distributed in commerce the subject models on or after July 25, 2022.
5. Based on the information above, I find that Respondent knowingly committed Prohibited Acts by manufacturing and distributing in commerce basic models of covered products that were not in conformity with the applicable energy conservation standard. *See* 42 U.S.C. § 6302; 10 C.F.R. § 429.102(a)(1).

¹ “Manufacture” means to manufacture, produce, assemble, or import. 42 U.S.C. § 6291(10).

6. Accordingly, pursuant to 10 C.F.R. § 429.120 and 42 U.S.C. § 6303, I **HEREBY ASSESS** a civil penalty of \$18,002 **AND ORDER** that the Settlement Agreement attached to this Order is adopted.

Samuel T. Walsh
