ORDER VACATING AUTHORIZATION
TO IMPORT AND EXPORT NATURAL GAS FROM AND TO CANADA

DOE/FECM ORDER NO. 5057-A

OCTOBER 4, 2024

On October 18, 2023, in DOE/FECM Order No. 5057, the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) granted blanket authorization to ENERGO POWER & GAS LLC (ENERGO POWER & GAS) to import and export up to a combined total volume equivalent to 2 billion cubic feet (Bcf) of natural gas from and to Canada by pipeline. This blanket authorization is effective for a two-year term that began on October 2, 2023, and extends through October 1, 2025.

On September 12, 2024, ENERGO POWER & GAS notified DOE that the authorization granted in Order No. 5057 is no longer needed.¹ ENERGO POWER & GAS therefore requests that DOE vacate Order No. 5057, effective September 30, 2024. DOE finds good cause to do so.

Accordingly, pursuant to section 3 of the Natural Gas Act, ENERGO POWER & GAS' blanket authorization to import and export up to a combined total volume equivalent to 2 Bcf of natural gas from and to Canada, granted in DOE/FECM Order No. 5057, is hereby vacated, effective September 30, 2024.

Issued in Washington, D.C., on October 4, 2024.
