

DEPARTMENT OF ENERGY (DOE) – RECORDS DISPOSITION SCHEDULE (RDS)

DOE 5.1: Common Office Records

This schedule covers certain records common to most offices in Federal agencies, whether those offices are involved in administrative or mission-related activities. Most of these records are administrative housekeeping records. Agencies create and maintain administrative records when carrying out general, non-mission-related activities that keep an office operating. In contrast, agencies create mission records when carrying out the unique activities for which the agency was established.

This schedule does not apply to transitory records, which are scheduled in GRS 5.2.

See GRS 5.1 Common Office Records for all other common office records not addressed in this schedule.

GENERAL RECORDS SCHEDULE 5.1: Common Office Records

This schedule covers certain records common to most offices in Federal agencies, whether those offices are involved in administrative or mission-related activities. Most of these records are administrative housekeeping records. Agencies create and maintain administrative records when carrying out general, non-mission-related activities that keep an office operating. In contrast, agencies create mission records when carrying out the unique activities for which the agency was established. The only mission-related records this schedule covers are non-recordkeeping copies of electronic records (item 020) that are maintained for decision-making purposes or taking action. Copies maintained solely for convenience of reference are considered non-record materials. This schedule may be applied to records in offices that carry out mission-related activities, but only those records that are described here.

This schedule does not apply to transitory records, which are scheduled in GRS 5.2. The distinction between transitory and the records covered in this schedule is that the records here generally have a longer period of business use than transitory records. This schedule also does not cover materials an agency determines to be non-record or personal.
