

**Department of Energy**  
Washington, DC 20585

**WEATHERIZATION PROGRAM NOTICE IIJA-2 Revised**  
**REVISED DATE: April 3, 2025**

*Update: All reference to the Bipartisan Infrastructure Law (IIJA) have been changed to Infrastructure Investment and Jobs Act (IIJA).*

**SUBJECT:** INFRASTRUCTURE INVESTMENT AND JOBS ACT (IIJA) GRANTEE ALLOCATIONS

**INTENDED AUDIENCE:** Weatherization Grantee Managers, Weatherization Subgrantee Managers

**PURPOSE:** To provide Grantee allocations for the preparation and submission of applications for funding of the Weatherization Assistance Program (WAP) for the Infrastructure Investment and Jobs Act (IIJA) grants.

**SCOPE:** The provisions of this guidance apply to all Grantees applying for financial assistance under the Department of Energy (DOE) WAP.

**LEGAL AUTHORITY:** Title IV, Energy Conservation and Production Act, as amended, authorizes DOE to administer the WAP (42 U.S.C. § 6861 *et seq.*). All grant awards made under this program shall comply with applicable law and regulations including the WAP Regulations contained in 10 CFR Part 440. Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards at [2 CFR 200](#), and the Infrastructure Investment and Jobs Act (IIJA), [Public Law 117-58](#).

**PROCEDURES:** On November 15, 2021, the President signed into law the Infrastructure Investment and Jobs Act (Public Law 117-58), also referred to as the Infrastructure Investment and Jobs Act (IIJA). Under the IIJA, the WAP was appropriated \$3.5 billion in funding. At this appropriation level, DOE has opportunity to enact both Enhancement and Innovation (E&I) grants (up to \$25 million) and Sustainable Energy Resources for Consumers (SERC) Grants (2% of allocation; \$70 million). Both E&I and SERC opportunities will be solicited under a separate process. All E&I funds will be distributed. Any undistributed SERC funds will be distributed through formula.

Headquarters Training and Technical Assistance and Energy Efficiency and Renewable Energy cross-cutting activities are also funded through this appropriation. Total funds being made available to Grantees for distribution through the formula is \$3,168,000 billion.

The final Grantee allocations included in this Notice are to be used in conjunction with Weatherization Program Notice (WPN) IIJA-1: Infrastructure Investment and Jobs Act (IIJA)

Grants for the Weatherization Assistance Program, with its two attachments: 1) Administrative and Legal Requirements Document; and 2) Application Instructions, in developing the annual Grant application for IIJA grants.

DOE recognizes the challenge and responsibility Congress has entrusted to this network. As we move forward in meeting the funding's purpose, there may be elements that will require still further clarification. DOE will continue to provide additional updates through DOE Project Officers and, as needed, through Program Notices in an effort to keep the Weatherization network well informed.
