Re: ***Mexico Pacific Limited LLC, FE Docket Nos. 18-70-LNG and 22-167-LNG*** –
Submission of Amendments to Long-Term LNG Sale and Purchase Agreement

Dear Ms. Sweeney:

In accordance with Order No. 4248¹ and Order No. 4312, Ordering Paragraph G,² and Order No. 4995,³ I am hereby submitting on behalf of Mexico Pacific Limited LLC (“MXP”) and México Pacific LNG Exports, S. de R.L. de C.V. (“MXP Exports”), under seal, a non-redacted copy of executed amendments to a previously-submitted long-term liquefied natural gas (“LNG”) sales agreement associated with the export of LNG from the proposed MXP Facility to be constructed in the State of Sonora, Mexico.

On April 18, 2023, MXP filed with DOE the T1 LNG Sale and Purchase Agreement dated June 17, 2022 (the “T1 SPA”), between Mexico Pacific LNG Markets Pte Ltd. (“MXP Markets”

¹ *Mexico Pacific Limited LLC*, DOE/FE Order No. 4248 at 10-11 (Sept. 19, 2018).

² *Mexico Pacific Limited LLC*, DOE/FE Order No. 4312 (Dec. 14, 2018) (“Order No. 4312”).

³ *Mexico Pacific Limited LLC*, DOE/FECM Order No. 4995 at 12, Docket No. 22-167-LNG (Apr. 28, 2023).

or “Seller”) and Shell Eastern Trading (Pte) Ltd. (“Buyer”). On December 6, 2024, MXP filed with DOE nine amendments to the T1 SPA.

MXP is filing herewith the following:

- (1) Amendment No. 10 to the T1 SPA;
- (2) Amendment No. 11 to the T1 SPA (Amendment Nos. 10 and 11 are collectively referred to as the “Amendments”); and
- (3) A summary of the major changes to the T1 SPA that result from the Amendments (attached as Exhibit 1 hereto).

Order No. 4312 authorizes MXP to export LNG as an agent for others, after such other entities register with the Office of Fossil Energy and Carbon Management (“DOE/FECM”). On April 25, 2022, MXP and MXP Exports filed with DOE/FECM the registration materials required by Order No. 4312 to allow MXP to act as agent for MXP Exports. On April 27, 2022, MXP filed with DOE/FECM a long-term LNG sale and purchase agreement between MXP Exports and MXP Markets (“MXP Exports SPA”). The MXP Exports SPA provides that MXP Exports will sell to MXP Markets LNG produced in the MXP Facility.

MXP recognizes that it is submitting the Amendments more than thirty (30) days after December 10, 2024, the effective date of Amendment No. 10, and February 14, 2025, the effective date of Amendment No. 11. Around the time of execution of the Amendments, MXP began to explore the need for a restructuring and recapitalization that ultimately resulted in a change in control of MXP.⁴ That restructuring delayed the completion of certain inter-affiliate arrangements relating to LNG sales, and also led to a number of changes in MXP personnel responsible for LNG sales contract administration. These significant changes, which affected all aspects of MXP’s operations, delayed the completion of internal processes necessary for the submission of the Amendments. Because the MXP Facility has not yet taken its final investment decision and actual sales under the T1 SPA remain years in the future, MXP believes that filing the Amendments at this time will not prejudice any party. Moreover, the delay in making this filing has not deprived DOE/FECM of any information it would otherwise have obtained regarding LNG exports from the MXP Facility (since no such exports have yet been made).

The non-redacted Amendments contain highly sensitive and confidential commercial, financial, and proprietary information and the Amendments are being filed with DOE/FECM under seal on a confidential basis and not for public disclosure, as authorized by Order No. 4312. MXP submits that the Amendments meet the six criteria set forth in 10 C.F.R. § 1004.11(f) of DOE’s regulations for determining whether information is exempt from mandatory disclosure pursuant to the Administrative Procedure Act, 5 U.S.C. § 552(b)(4):

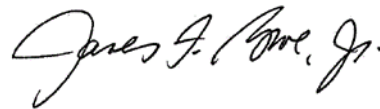

⁴ This change in control was described in a letter filed in Docket No. 18-70-LNG and Docket No. 22-167-LNG on March 5, 2025, and supplemented by letter dated March 21, 2025.

- (1) The Amendments have been held in confidence by MXP and the respective counterparties, and the Amendments contain, or incorporate by reference, a confidentiality provision;
- (2) The Amendments contain information of a type that is customarily held in confidence by the parties, and there is a reasonable basis to keep sensitive commercial terms confidential to avoid competitive harm;
- (3) MXP is submitting the Amendments to DOE/FECM under seal, with a request to keep the Amendments confidential;
- (4) Neither the Amendments nor the T1 SPA are publicly available;
- (5) Public disclosure of the Amendments by DOE/FECM is likely to cause other export license holders or registrants to be reluctant to submit unredacted copies of their gas supply agreements to DOE/FECM; thus, public disclosure could impair DOE/FECM's ability to obtain similar information from others in the future; and
- (6) Disclosure of the unredacted Amendments is likely to cause substantial harm to the competitive positions of MXP and the counterparties to the Amendments.

For the foregoing reasons, MXP respectfully requests that the non-redacted copies of the Amendments be kept confidential by DOE/FECM.

Please contact me if you have any questions.

Sincerely,
